**MEMORANDUM**

July 1, 2020

TO: Planning, Housing, and Economic Development (PHED) Committee

FROM: Gene Smith, Legislative Analyst

SUBJECT: Special Appropriation creating Reopen Montgomery Program

PURPOSE: Make recommendation for the Council

**Those expected for this worksession:**

Jerome Fletcher, Assistant Chief Administrative Officer, Office of the County Executive  
Tina Benjamin, Special Projects Manager, Office of the County Executive  
Mike Coveyou, Director, Department of Finance

The PHED committee will review the special appropriation introduced on June 23, 2020 to create the Reopen Montgomery Program. The public hearing and action are tentatively scheduled for July 7, 2020. Should new information be presented at the public hearing, the committee can determine if further review is required before action.

The Reopen Montgomery Program will provide grants to County businesses and non-profit organizations that incur reopening expenses to comply with new State and County health regulations due to the COVID-19. The total appropriation is \$14 million which will come from two sources. The first source includes approximately \$4 million in unused Public Health Emergency Grant funds, and the second source includes approximately \$10 million in Federal grants from the Coronavirus Aid, Relief and Economic Stability Act funding. The program is designed for all County businesses and non-profit organizations that meet the following criteria:

- Must have its physical location(s) only in the County; or its County-based locations must account for more than 50% of its total number of employees or more than 50% of its gross sales;
- Must employ 100 or fewer full-time-equivalent employees;
- Must not have already received financial assistance from the County for reopening expenses related to the COVID-19 health crisis; and

- Must incur “Reopening Reimbursable Expenditures” between March 16, 2020 and 30 days following the date when the County starts Phase 3 reopening.

Reopening Reimbursable Expenditures are further defined in Paragraph 9 of the attached resolution (see ©2). The list includes items such as Personal Protective Equipment, materials to create barriers, dividers, protected areas, contactless payment systems, cleaning supplies, signage, outdoor furniture, and disposable food containers and utensil. As stated in the resolution, allowable expenses are not limited to only those listed; rather, the list is illustrative of the types of expenses the Council supports reimbursing. The maximum award available to businesses and non-profit organizations through Reopen Montgomery is \$5,000.

The resolution provides guidance on the general structure of the program. Implementation of the program will be executed by Executive staff. Due to time constraints with this memorandum, Executive staff were unable to provide additional details about implementation but are prepared to discuss these details with the committee during the worksession. Below are the general questions about implementation that would aid the PHED Committee in its review of the program’s implementation.

- Application process. How will businesses apply? Who will manage this aspect of the process? How long will it take to begin taking applications?
- Award process. Will it be first-come, first-served, lottery, or some other alternative?
- Reopening Reimbursable Expenditures. Does Executive staff plan to have an exhaustive list of what is or is not eligible, given the general parameters in the resolution? If not, how will expenses be verified for eligibility?
- Timing generally. How long before applications open, before businesses or non-profit organizations are notified, before grants are processed, etc.?

Councilmembers may amend the resolution to provide further guidance, if necessary, to Executive staff for implementation based on today’s discussion or the public hearing.

6. County businesses will incur additional expenses to comply with the State and County’s reopening requirements to prevent the spread of COVID-19 and maintain public health.
7. The Council through this special appropriation is creating the Reopen Montgomery to reimburse businesses and non-profit organizations for expenses incurred to reopen and comply with the State and County’s public health requirements.
8. A business or non-profit organization is eligible to receive assistance from the Reopen Montgomery if it: 1) has its physical location(s) only in the County; or its County-based locations account for more than 50% of the business’s total number of employees or 50% of the business’s gross sales; 2) employs 100 or less full-time-equivalent employees; 3) has not received financial assistance from the County for reopening expenses related to the COVID-19 health crisis; and 4) has incurred “Reopening Reimbursable Expenditures,” as defined in Paragraph 9, between March 16, 2020 and 30 days following the date when the County starts Phase 3 reopening.
9. Reopening Reimbursable Expenditures are expenses incurred during reopening to comply with Maryland and Montgomery County COVID-19 health regulations. Allowable expenses include but are not limited to the following: Personal Protective Equipment, materials to create barriers, dividers, protected areas, contactless payment systems, cleaning supplies, signage, outdoor furniture, and disposable food containers and utensils.
10. Each eligible business and non-profit may be awarded a grant up to \$5,000 for Reopening Reimbursable Expenditures. The actual grant will be based on actual, verified expenditures for each business and non-profit organization.
11. A FY21 Operating Budget special appropriation is requested for the Economic Development Fund:
