December 18, 2020

Dear Honorable President Hucker :

I was pleased to learn that the Board of Appeals has a vacancy for a Member. Please see my resume in response to this vacancy.

My qualifications and experience are a perfect match for this position. I have eleven combined years of conducting local administrative hearings at the D.C. Office of Administrative Hearings and the Board of Appeals in Montgomery, County, Maryland. My training as an adjudicator honed analytical skills that enable me to apply law to facts and write legally sufficient opinions based on those conclusions. Further, my extensive training as an impartial finder of fact allows me to transcend any political affiliation or bias. Additionally, I provide administrative inquiry services for federal clients on employee grievances where I conduct interviews of high ranking officials. I also write reports that reflect my findings of fact and include conclusions of law.

Having previously served on the Board of Appeals, I am familiar with the issues of zoning and land use that come before the Board. Further, I know how important it is to decide these issues impartially and fairly considering all of the evidence in a studied and collaborative manner

Thank you in advance for considering my application to fulfill Ms. Freeman's term on the Board of Appeals.

Sincerely,

Caryn L. Hines

Re: Application for the Montgomery County Board of Appeals

President Hucker and Council Members:

Congratulations on your election and to Vice President Albornoz. You are facing unprecedented challenges and I will support you and wish you and the entire Council great success.

I sincerely want to serve on the Board of Appeals. I applied for this appointment in July 2019, believing then and now that I have the richest qualifications, professional experience, independence and record of fairness to serve.

I intend to serve the County and I have applied for service other Boards and Commissions however I feel I can best serve the Board of Appeals and will accept this position if honored with the appointment. I again appeal to you to afford me the opportunity apply my professional experience and my sincere desire to continue to serve our residents as a member of the County Board of Appeals.

After graduating from NYU Law School and admission to the NY Bar I served in the US Army with the Adjutant General organizing and reviewing Administrative Board Actions. involving decisions on separation from service and types of discharge. During that time I organized, managed and conducted hearings and then reviewed decisions with the authority to recommend approval, denial or modification. I learned not only the exacting detail of administrative actions but also how to understand the real life, practical implications of the process and the need for care and clarity.

Returning to civilian life and law I represented clients before Workman's Compensation Commissions, Permitting, Housing, Landmark Commissions and other Boards over a period of several decades. I also served for several years of-counsel to the Negotiating Institute which afforded me the opportunity to oversee numerous Mediation and Arbitration activities.

My work with many diverse groups and my decades of legal, business and political experience, have imbedded the understanding of the need for an equitable and sensitive approach to regulation and the great value of the appeal process.

In full realization that the County Board of Appeals is highly specialized I have (1) attended meetings of the Board of Appeals and (2) reviewed past decisions of record dating backward from 2018.

The perspective I offer the Board is unique and inclusive.

- **On the Taxicab Services Commission I currently represent our low income, handicapped and senior citizens. I am closely involved with DC and County Public Transportation issues through GROWS, JCA, and other affiliations.**
- **I have overseen proposed legislation and public policy for six years on the Commission on Aging and now Chair the Commission on Aging Alumni Group.**
- **I serve on the GROWS public policy committee.**
- **As Mid-Atlantic Director of the National Aging In Place Council (NAIPC 2007-8) I vigorously promoted Aging In Place and worked closely with the founders of Beacon Hill Village to bring Villages to Montgomery County, where they now proliferate. I promoted Villages through County seminars, produced Montgomery's Got Talent and organized the printing of The Village Blueprint (the primer for organizing).**
- **Most significantly, I created and chaired the COA summer study which led to the County enrollment in the international WHO/AARP Age Friendly Communities Program. This program with grass roots input, informs, organizes, and coordinates public and private planning activities. The study and advocacy efforts transformed and energized the County Age Friendly Advisory Group with the guidance of a Senior Fellow.**
- **I am Secretary and Director of the Friends of the Human Rights Commission (a 501(C) 3 fundraising group), and am an Ambassador in the American Muslim Senior Society (AMSS).**
- **I serve on the Economic Development, Real Estate and Senior Marketing committees of the Greater Bethesda Chamber of Commerce and am a Director/Board Member of Visit Montgomery (MC CVB).**
- **I am a registered Democrat.**

SUPPLEMENTAL CAREER INFORMATION

This supplement is intended to inform the County Council of my substantial and relevant experience in business, law, real property development, management and financing and my perspective on the future.

76-80 JEFFERSON STREET CONVERSIONS. While attending NYU law school I managed several buildings including a block front on Jefferson Street in the Two Bridges area of Manhattan. Two 5 story buildings with a ground floor warehouse, loading dock, a factory, a street level restaurant and bar, and 30 loft spaces. Initially, the commercial lofts were unrentable but I saw the opportunity to create lofts for Artists in Residence by installing residential infrastructure. I managed the installation, construction and conversion process and later advocated for the passage of "Artist in Residence laws" which eventually were enacted. Lesson learned flexibility is invaluable.

The Jefferson Street properties were included in NYC's "TWO BRIDGES PLAN". A long delayed area plan for public housing. They were designated for redevelopment for 12 years many were buildings were vacant and unsaleable. I managed the eminent domain process including appraisals and achieved maximum awards. It was a graphic example of the downside of long delays caused by the Planning process which left property owners in limbo during the redevelopment process. Lesson learned - Uncertainty has a negative impact on the financial viability of property.

EMINENT DOMAIN - CONDEMNATION AWARDS. I was employed at a leading law firm specializing in eminent domain proceedings for properties affected by the demolition of the Third Avenue elevated subway line including extensive Bloomingdale holdings. I participated in certiorari appeals, including overseeing appraisals and related valuation issues. Other clients included owners of showroom, office, factory buildings in the Fashion District of New York City. I participated in sales, leasing, mortgaging, violations resolution and other property related matters representing tenants and landlords.

REAL ESTATE BROKERAGE. Returning from military service and recently married, I resumed management of the Jefferson Street properties. I obtained a real estate brokerage license and purchased and managed real property on the lower east side of NY. I also specialized in conversions, sales and rental of lofts for use as residence and studios. I hired and trained managers to convert commercial properties.

I was employed by law firms specializing in what was then called "Copyright and Show Business law" and in three years opened my office at 80 Pine Street, in NYC. My law practice was a "general" practice matters and included representing landlords, tenants, condemnations, violations, I was tangentially involved in matters involving acquisitions by the Zeckendorf interests in Freedomland, Co-op City, Kips Bay acquisition of property and conversions. I also managed a lucrative trucking facility on West 36th Street for my wife's family and a valuable pier and warehouse on the East River.

POLITICAL ACTIVITIES. NYC PLANNING BOARD. I was engaged in Reform Democratic Politics and was appointed to NYC PLANNING BOARD #8 which was in the first group of Planning Boards. We advised on many matters impacting a

a rapidly changing neighborhood including commercialization, demolition, and preservation of landmarks, parks and public amenities.

Charles Kauffman

For two years I served as pro-bono counsel to the UPPER EAST SIDE DEMOCRATS representing tenants and small home owners who faced a surge of pressure from large residential developers. I became deeply involved in neighborhood preservation, landmarks and development of new housing.

FAMILY BUSINESS. I was brought in to resolve my family business disputes (H. KAUFFMAN & SONS SADDLERY CO., "everything for the horse and rider") and eventually assumed full ownership, management and financing of this century old family-owned retail and direct marketing business and its real property. During this period I created an advertising and public relations agency, INSPIRED ADVERTISING to enhance their direct marketing business. I eventually sold the bricks and mortar business converting and managing its internet business and licensing business. Along the way I co-authored a book "The Polo Primer".

LAW PRACTICE. I balanced law and business activities using several partnerships and represented clients in many businesses, trade groups and individuals including sellers, buyers, managers, owners, landlords, tenants, borrowers, lenders, debtors and creditors, trucking companies, waste paper collectors, collection agent associations, investment associations, publishers, composers and performers, recording companies and record pressing companies.

PRO-BONO. My pro-bono work included assisting the general counsel of CORE (Congress of Racial Equality) among others. I served as General Counsel to the Negotiating Institute where I focused on Conflict Resolution. Gerald Nierenberg conducted worldwide seminars based on his best-seller "Art of Negotiating".

MORTGAGE FINANCING. I have worked as a legal consultant for Wells-Fargo on home financing including Reverse Mortgages.

NATIONAL AGING IN PLACE COUNCIL. In 2007-8 I served as Mid-Atlantic Director of the National Aging in Place Council pioneering formation of Villages in the Capital area.

INTERCITY BUS TRANSPORTATION. I have been community relations representative for Vamoose Bus and representing them on Chambers of Commerce, Visitors Bureaus, Transit and Senior organizations in the Capital Area and I address traffic related matters for DC Trails.

Hon. Tom Hucker and Members of the County Council,

It is with great pleasure to recommend Charles Kauffman for a position on the Board of Appeals for Montgomery County. Charles has been instrumental in positively supporting Montgomery County residents, and the GROWS organization for many years.

GROWS, the Grass Roots Organization for the Wellbeing of Seniors, is a non-profit organization dedicated to providing advocacy, education, and services for older adults. Charles Kauffman has been an active member for over 15 years, first representing Wells Fargo, later as Mid-Atlantic Director of The National Aging in Place Council, and currently as Community Relations Director of Vamoose Bus. Over the years he created and organized many county events at the Rockville Senior Center, Holiday Park, F. Scott Fitzgerald Theater, and Bethesda Theater including, "Aging in Place: To Move or Stay", "Montgomery's Got Talent "and many other seminars and forums. These events introduced and produced County awareness and citizen participation in Aging in Place, Villages, Age Friendly Montgomery, Caregiving, Transportation, and Vital Living. Popularizing these initiatives makes Montgomery County a community for all to live and age gracefully. In 2017, GROWS awarded him its most prestigious award, the Debra Levy Humanitarian of the Year Award for his outstanding contributions.

We strongly support Mr. Kauffman's application for a position on the Board of Appeals.

Thank you for considering Charles Kaufman.

Dear President Hucker:

I write in support of Charles Kauffman as a Member of the Montgomery County Board of Appeals.

Mr. Kauffman is a member of the Taxicab Services Commission (which I chair) representing low income residents, older adults and our neighbors with disabilities. Hon. Tom Hucker, President and Members, Montgomery County Council

100 Maryland Avenue

Rockville MD 20850

Dear Council President Hucker and Councilmembers:

I am writing in support of the application of Mr. Charles Kauffman to serve on the Montgomery County Board of Appeals. I believe that Mr. Kauffman's professional experience and demonstrated commitment to improving the lives of all Montgomery County residents make him an excellent candidate to serve on this most impactful Board.

As the former Chief, Aging and Disability Services, Department of Health and Human Services, I have known Mr. Kauffman for over a decade principally in his roles as a Commissioner on the Commission on Aging, and as Chairman, Commission on Aging Alumnae Group. He has been a highly effective advocate for a broad range of vital community issues including affordable housing, transportation for seniors and individuals and disabilities, and Smart Growth policies--to name just a few.

Charles "Chuck" Kauffman was instrumental in Montgomery County being designated as an "Age-Friendly Community" by the World Health Organization and AARP. Chuck saw the value in having the County achieve this prestigious recognition and the benefits that would result particularly to the business sector. He has been a champion in educating public and private sector leaders about the value of older workers and the critical importance of the "senior economy"-as the discretionary income of seniors on average stimulate economic activity in the health, recreation and leisure, services, and other industries. Chuck was visionary as an early spokesman for having constituent input (especially a voice for seniors and individuals with disabilities) in all aspects of planning.

Chuck's skills as both a lawyer and businessman enable him to bring a uniquely creative yet pragmatic view to addressing challenges and resolving problems. He understands the critical importance of collaboration and teamwork and consistently treats others with respect.

I strongly endorse Mr. Charles Kauffman's to serve on the Montgomery County Board of Appeals. I am confident that Montgomery County residents will be well-served by having him as a member of this very important Board.

Sincerely,

John J. Kenney, PhD, M.B.A.

Subject: Charles Kauffman

Hon. Tom Hucker, President
Montgomery County Council
100 Maryland Avenue
Rockville, MD 20850

Dear Councilmember Hucker:

I write in support of the application of Charles Kauffman for appointment to the County Board of Appeals. I am a forty-seven year resident of Montgomery County and practiced law in the public and private sectors. I was a Deputy Assistant Attorney General in the US Department of Justice and a partner in Latham & Watkins, a large international law firm. I served on the Montgomery County Commission on Aging (COA) for six years, the last two of which as Chair. After that, I served as Chair of the COA Alumni Group, consisting of former members of the COA. I have known Charles Kauffman for more than ten years, served on Montgomery County organizations with him and provide my views based on personal knowledge and experience.

For all of the time that I have known him, he has been an active and committed participant in the matters of the organizations of which he was a member. In addition to the COA, he also served on the Taxicab Services Commission and has ably represented the interests of low-income, older adults and disabled persons. He has also served on several committees, study groups and advocacy programs, where on many of which he was appointed chair based on his leadership experience.

From my knowledge, I can say that one of the defining characteristics of Mr. Kauffman's service has been his indefatigable commitment to the interests of the organizations he has served. I am familiar with the jurisdiction of the Board of Appeals and I believe he has the qualities called for as a member--sound judgment, a superior attention to detail and an excellent reputation for integrity.

Based on these views, I can wholeheartedly recommend him as a candidate for the County Board of Appeals. He would be a positive addition to that agency.

Yours sincerely,

Irwin Goldbloom:

Council President Tom Hucker
County Council Office

Rockville, Maryland 20850

Dear Council President Hucker:

I am writing to express my interest in the vacant position of the County Board of Appeals. I feel very qualified for this position since I consider myself a subject matter expert on issues of urban planning and zoning. I am affiliated to the Democratic party. I have a very strong academic record including a Masters degree in Urban Planning from Harvard University and Ph.D. studies from the University of California at Berkeley. I not only have the academic qualifications but also the experience having worked at GAO for the 25 years doing work related to urban planning, housing, and community development. During those years I advised Congressional majority and minority staff and provided objective and fact-based advice on these issues to members of Congress.

I also have a very extensive volunteer community service to Montgomery County where I have lived for the last 30 years. Some of my major contributions in community service include recently completing a one-year assignment as Chair of the Interagency Commission on Homelessness. I also served for 12 years on the Board of the Housing Opportunities Commission, the last four as the Chair. Some of the successes as the Chair included recruiting a new Executive Director, implementing the Rental Assistance Demonstration initiative, creating more housing choice vouchers for homeless veterans, and obtaining a higher share of low income housing tax credits from the state.

I look forward to hearing from you and please do not hesitate if you need additional information.

Sincerely,

Roberto Piñero (signed)
