DESCRIPTION

This project combines all current modernization projects as prioritized by the FACT assessments that are in the planning or construction phases. Future modernizations with planning in FY 2007 or later are in PDF No. 886536. The Board of Education has an adopted Replacement/Modernization Policy and decides priority, scope, and timing of projects within the approved funding level. An FY 2003 appropriation was approved to complete the modernization of Bethesda-Chevy Chase HS, Lakewood, W.T. Page, and Glen Haven ESs, Montgomery Village MS, and to reconfigure current science laboratories at Richard Montgomery HS. An amendment to the FY 2003-2008 CIP was approved to add the Walter Johnson HS to this PDF from the Future Replacements/Modernizations PDF. An FY 2004 appropriation was approved for planning funds for College Gardens ES, Walter Johnson HS and Richard Montgomery HS, and construction funds for Somerset ES. An FY 2003 special appropriation and amendment to the FY 2003-2008 CIP was approved to provide the construction of two additional classrooms during the modernization of W.T. Page ES. An FY 2004 special appropriation and amendment to the FY 2003-2008 CIP of \$120,000 was approved by the County Council to cover specific enhancement costs to be funded with private donations from the Somerset community. On January 27, 2003, the County Council approved a transfer of \$2.6M in FY 2004 from the Clarksburg Area MS (Rocky Hill Replacement) project (\$1.35M) and the Quince Orchard MS #2 project (\$1.25M) into this project for the modernization of Rockville High School. Due to fiscal constraints, the FY 2005-2010 CIP adopted by the County Council, shifted funds for elementary school modernizations beginning with College Gardens ES and shifted funds for the Richard Montgomery and Walter Johnson high school modernization projects. As a result, elementary schools beginning with College Gardens ES will be delayed either one year or six months and the modernizations for Richard Montgomery HS and Walter Johnson HS will be delayed one year. Included in the adopted FY 2005-2010 CIP-- Francis Scott Key MS was moved from the Future Replacements/Modernizations PDF to this project. An FY 2006 appropriation was approved for construction funds for Parkland MS and Richard Montgomery HS, and planning funds for Walter Johnson HS, Francis S. Key MS and College Gardens ES. During the budget process for the amendments to the FY 2005-2010 CIP, the County Council shifted the planning funds for Cashell and Galway elementary schools from FY 2006 to FY 2007. The shift in expenditures will not change the completion date of these two projects.

FISCAL NOTE

Recordation Tax revenue will support this project by \$600,000 in FY 2003. The impact tax reflected in the expenditure schedule shown above is applied to the addition portions of some modernizations within this project.
