Effective date: March 21, 2006  

**SUMMARY:**  
This Regulation supersedes the Fire and Rescue Commission's Executive Regulation 2-98AMII, Certification Standards for Training and Experience Requirements, is effective immediately for new fire and rescue personnel, and establishes an implementation timetable for application of certain training standards and experience requirements for existing emergency service providers. The Standards establish training requirements that must be met by all emergency service providers, both career and volunteer, and include eligibility requirements for the various officer ranks.

**DEADLINE:**  
Montgomery County Register Comment: July 31, 2005.

**BACKGROUND:**  
Training, experience, and credentialing standards are necessary to ensure that individuals who perform fire suppression, rescue, emergency medical service functions, and mitigate all-hazards incidents, including those involving chemical, biological, radiological, nuclear, and explosive (CBRNE) hazards, possess the requisite knowledge, skills, and abilities to safely and effectively perform those functions.

These training, experience, and credentialing standards are developed from applicable federal, State, regional, and local standards. This regulation generally amends previous versions of the rank structure, training, and experience requirements for firefighters and emergency
Sec. 1. **Purpose.** This Regulation adopts and implements training, experience, and credentialing certification standards, consistent with Montgomery County Code Section 21-18. Sec. 2. **Definitions.**

However, MCFRS personnel may also take training from other agencies and organizations. For equivalency requirements for training acquired inside or outside Montgomery County, see Sec. 4. g., below. The training and experience requirements are defined and required by this Regulation, and are attached as Appendix A-1 for Firefighter/Rescuers, and Appendix A-2 for EMS Providers. An LFRD Chief may request the Fire Chief to list an individual as IECS-certified after the individual has completed the training and/or experience requirements for any stated rank or title.

a. Categories Established. Two categories of MCFRS participation are established: Firefighter/Rescuer (volunteer and career), and EMS Provider (volunteer only).

Orientation training is performance-based and not hour-specific, and must meet the performance criteria established by the Fire Chief.    A Firefighter/Rescuer candidate/recruit does **NOT** qualify as minimum staffing.

   B. **A Firefighter/Rescuer** candidate/recruit who has completed the initial year of service, and has reached 17 years of age, begins to qualify for the experience criteria for promotion.
4. Personnel in the EMS Provider category who successfully complete the orientation training are considered EMS Provider candidates/recruits until they have completed the training and/or certification and age requirement for EMS Provider I.

A. An EMS Provider candidate/recruit may ride apparatus as an observer, and may assist qualified personnel only if proper supervision is provided by a Unit Officer. 1. Fire Suppression Units. Basic core training requirements to staff fire suppression units include successful completion of all courses listed as basic core training requirements in Appendix A-1.

2. EMS Units. Basic core training requirements to staff EMS units include successful completion of all courses listed as basic core training requirements in Appendix A-2.

1. Personnel who enter MFRS may request equivalency for experience and/or service time at similar ranks within the Montgomery County IECS. To request equivalency for experience and/or service time, personnel must complete and submit Appendix D, Experience and/or Service Time Application, with the specified supporting documentation, to the MFRS Training Officer. The request must be accompanied by a description of the rank served in, and relevant information to enable a determination of activity level.

2. To request equivalency for training, personnel must complete and submit the Non-Jurisdictional Course Equivalency Application (Appendix C), with the specified supporting documentation, to the MFRS Training Officer.

3. The MFRS Training Officer must review all equivalency requests within 15 working days of their receipt. If the MFRS Training Officer confirms that the documentation meets the requirements of the course, the equivalency is approved and an equivalency certificate is issued.

4. If the MFRS Training Officer does not recommend approval of an equivalency request, the request must be forwarded to the PSTA Equivalency Committee for its review and recommendation.

5. The PSTA Equivalency Committee must approve or deny the request, and
may recommend additional action that the applicant may take to obtain approval. The recommendation may include completing a segment of a specific course or the course testing process.

6. An individual who is denied equivalency for training courses, experience, and/or service time may appeal the decision of the Equivalency Committee to the Fire Chief.

A. The individual must submit all equivalency appeals to the Fire Chief on Appendix C, *Non-Jurisdictional Course Equivalency Application*, or Appendix D, *Experience and/or Service Time Equivalency Application*, as appropriate.

B. Requests must include all supporting documentation.

7. The Fire Chief may grant equivalency or an extension of service time experience, based on an individual's KSAs, as described in Section 4.g.1 of this Regulation, on a case-by-case basis. The Fire Chief's decision to grant or deny any request for equivalency or extension is final and may not be appealed.

8. Personnel who have obtained IFSAC, NBSPQ, or MFSPQB certification may be certified by the Training Officer as having equivalent training.

9. Experience for career and volunteer fire and rescue personnel is twelve months of active service time to receive credit for one year of experience.

The Fire Chief may place a Certified Chief Officer who fails to meet these requirements in Provisional Status.

j. Fire Chief's Implementation of Additional Training Requirements. The Fire Chief may require additional training to comply with any new State or federal requirements applicable to MCFRS, or to meet immediate safety concerns and protect MCFRS personnel. Any new training requirements must be implemented by regulation. If immediate action is required, the Fire Chief may initially issue a General Order to field personnel requiring the new training. The General Order may remain in effect not longer than 90 days. The Fire Chief must issue regulations to implement the training before the General Order expires.

k. Promotions and Accrual of Experience for Promotion. Progression in IECS rank must be incremental, without skipping a position. Personnel who request promotion must have obtained the necessary training and experience requirements listed between, and included in, their current rank and the IECS rank to which they are requesting promotion. (Exception: Master Firefighter/Rescuer and Master EMS Provider are optional ranks.)

6. The MCFRS Training Officer or designee will administer Competency Evaluations for annual command-level testing at the Command Development Center at the PSTA or other approved facilities.

7. An individual who fails to successfully complete a Competency Evaluation and/or Peer Evaluation will be placed in Provisional Status until the individual has successfully met the requirements.

8. All Competency and Peer Evaluations must be fair, objective, and performance based.

p. **Credentialing.** When federal requirements are in place, personnel serving in the Montgomery County IECS will be certified and nationally credentialed at the highest level attained in each IECS rank. At that time, the Fire Chief will maintain a list of qualified personnel who are certified and credentialed to participate in the IECS. MCFRS personnel will be required to maintain credentialing ID cards, consistent with the annual Competency Evaluation process.

q. **Documentation.** Personnel who request to participate in the Montgomery County IECS must provide documentation of their eligibility for certification, with the Emergency Service Provider Certification form (Appendix B). s. Restrictions while in Provisional Status. An individual who is in Provisional Status is not IECS-certified, and is, therefore, non-operational. However, with the Fire Chief’s approval, an individual in Provisional Status may provide restricted service on an incident scene. As determined by the Fire Chief, the individual may participate in limited response activity, pending completion/remediation of the individual’s training or certification deficiencies. An individual in this category may be required to successfully complete a demonstration of competencies, as defined by the Fire Chief. An individual in Provisional Status is in non-operational status and does not meet minimum staffing requirements. An individual in Provisional Status must agree to the terms of, and execute, a memorandum of understanding or written agreement with the Fire Chief.

Sec. 6. **Implementation and Enforcement.** The Fire Chief is the implementation and enforcement authority for all policies and regulations of the Montgomery County Fire and
Rescue Service.

Sec. 7. Severability. If a court of final appeal holds that any part of this Regulation is invalid, that ruling does not affect the validity of other parts of the Regulation.
