

# LIST OF POTENTIAL AAR ROADS FOR ADOPTION

*Last Updated 8/25/22*

The following list of road segments below are updated twice a month and have been identified from the Maryland's Master Roadway Plan. Roads are classified as either Business, Primary Residential, Arterial, Major Highway or Rustic. Rustic roads will have a brown AAR sign installed instead of the generic purple AAR sign.

Due to the large amount of inventory, there may be additional road segments not yet identified. If a road is not listed below, it could already be adopted or not eligible in the program because it is already being maintained by a municipality (exp. Rockville City), a homeowners association or by the State (roads that contain a route number is owned by MHSA).

Please include two road segments when submitting an AAR application (in case the first choice is not available).

Only one road segment can be adopted during the first six months of participation.

Reminder: In order to be in the AAR program, participants agree to clean their adopted road segment as needed, with a minimum of six times a year (equivalent to every other month) and to report the cleaning results to the AAR program either by phone 240-777-7155, by email [mcdot.outreach@montgomerycountymd.gov](mailto:mcdot.outreach@montgomerycountymd.gov) or online at [www.montgomerycountymd.gov/adoptaroad](http://www.montgomerycountymd.gov/adoptaroad).
