

## DESIGN EXCEPTION / WAIVER CHECKLIST

Please include the following items with the Preliminary Plan package to pursue a waiver or design exception:

| ITEMS TO BE INCLUDED WITH THE PACKAGE   | YES | NO |
|---|-----|----|
| a. Written explanation describing the proposed modification(s).   |     |    |
| b. Rationale for the request.   |     |    |
| c. Measures that were evaluated to avoid the need for the modification(s) and why they were determined unacceptable.  |     |    |
| d. Anticipated impact on vehicular, bicycle and pedestrian traffic.   |     |    |
| e. Anticipated impact on future County maintenance operations.  |     |    |
| f. Plan demonstrating the impact of a standard design on the project. Demonstration should be made through plan views, cross sections, engineer's cost estimate, etc. as appropriate. |     |    |
| g. Anticipated structure life span (structure replacement time frame).  |     |    |
| h. Impact on the project if MCDOT does not approve the request.   |     |    |
| i. Perceived benefit to the public and private sectors if modification is permitted.  |     |    |
