

# NEEDWOOD ROAD BIKE PATH/TRAIL

## Project Goals

- Construct an 8-foot wide shared-use path/trail along Needwood Road, providing an important link in the overall transportation network of Montgomery County.
- Connect existing points of interest in the area: Shady Grove Metro Station, Rock Creek Regional Park, the Inter-County Connector (ICC) shared-use path, Colonel Zadok Magruder High School, and the future North Branch Trail.
- Improve pedestrian safety at road crossings by providing crosswalks, ADA-compliant curb ramps, and pedestrian signals where appropriate.
