1	PROCEEDINGS
2	(Whereupon, the court reporter was duly
3	sworn.)
4	THE HEARING OFFICER: Greetings, and
5	good afternoon to all of you. It is now 1 o'clock
6	or 1:03 on February 23rd, 2022. We are conducting
7	this hearing virtually via Zoom. We are here for
8	a public hearing on abandonment petition AB 780,
9	to consider an application received from Miles &
10	Stockbridge PC, representing Miller Development
11	Corporation to abandon a public assets easement of
12	Landy Lane in Bethesda. My name is Michael
13	Paylor, and I am the County Executive's designated
14	hearing officer with the County's Department of
15	Transportation.
16	This right-of-way abandonment hearing is
17	being conducted pursuant to Section 49-62(f) of
18	the Montgomery County Code. My role in the
19	abandonment process is to receive testimony
20	concerning the abandonment request and then write
21	a report and recommendation to the County
22	Executive concerning the Applicant's petition for
23	abandonment. To do this, I will consider
24	statements made during this hearing, written
25	comments received within the comment period, as

1 well as documents submitted to Ms. McCray to 2 support or explain the position on this 3 abandonment case. Please be advised that comments will be 4 5 accepted until March 8th, 2022, at 5 p.m. 6 report and recommendation will then be forwarded 7 to the County Executive for consideration, and the 8 County Executive will then forward the report and 9 the county -- and his recommendation of the County 10 Executive's recommendation to the county council. It is the County Council that will decide whether 11 12 to grant or deny the Applicant's petition for 13 abandonment. For those who wish to submit written 14 15 comments, please submit them to Ms. Tiara McCray 16 at Montgomery County Department of Transportation, 17 100 Edison Park Drive, Fourth Floor, Gaithersburg, 18 Maryland 20878, or e-mail them to: tiara.mccray@montgomerycountymd.gov by March 8th, 19 20 2022. There are a few ground rules that we must 2.1 cover before Ms. McCray introduces the abandonment 22 petition into the record. First, please turn off 23 or silence your cell phones. Second, as an issue 2.4 of decorum, all participants must be given due 25 consideration.

1	Those seeking to offer comment following
2	the close of the petitioner's case for
3	abandonment, are asked to be mindful of the time
4	and limit their comments to relevant matters. If
5	an interruption occurs, I will give that
6	individual their first warning. If there is a
7	second interruption, I will give that individual a
8	second warning, and they will be muted. If that
9	same individual receives a third warning, that
10	person will be removed from the call, and if there
11	are several people making interruptions, I may
12	close the hearing.
13	Following Ms. McCray's introduction, the
14	Applicant will submit its case for why it believes
15	the right-of-way should be abandoned. After the
16	Applicant has completed its case, those who have
17	registered to speak will be afforded the
18	opportunity to make relevant comments. Ms. Tiara
19	McCray is a real estate specialist for the
20	Montgomery County Department of Transportation,
21	and she will now present the case. Ms. McCray?
22	MS. MCCRAY: I'll make sure I unmute
23	myself before I start talking. Thank you, Mr.
24	Paylor, and good afternoon everyone. My name is
25	Tiara McCray, and, as Mr. Paylor noted, I am a

1	real estate specialist with the property
2	acquisition section for Montgomery County DOT. My
3	section is responsible for administering requests
4	for abandonment of public right-of-way. As Mr.
5	Paylor noted earlier, this process is governed by
6	County Code Article 49, Section 6. The county
7	code details the county council's authority to
8	abandon a public right-of-way if it finds that: 1,
9	the right-of-way is no longer needed for public
10	use or anticipated future public use, or 2, the
11	abandonment is necessary to protect the health,
12	safety, and welfare of the residents near the
13	right-of-way to be abandoned.
14	The subject of this case is a public
15	access easement covering an approximately 1.3-acre
16	parcel located at the terminus of Landy Lane in
17	Bethesda. The PAE or Public Access Easement was
18	initially established in connection with
19	Preliminary Plan Number 1-98045, approved by the
20	planning board on March 23rd, 1999 and later
21	recorded among Montgomery County Land Records
22	Liber 20877, Folio 313 on September 22nd, 2005,
23	and later depicted on the subdivision plat Number
24	22176.
25	The previous developer, as noted in the

```
1
     PAE, was required to, and I quote, Grant a
2
    non-exclusive easement to Montgomery County,
3
    allowing continuous public vehicular access
4
    through the property, including adequate access
5
     from Montgomery County emergency vehicles, in
6
    order to avoid the need for the re-dedication of
7
    the property.
8
               Since the establishment of the PAE, the
9
    property never having been developed under the
10
    Preliminary Plan Number 1-98045, seemed to serve
11
    primarily as a surface parking lot to the
12
    adjoining Washington Episcopal School and --
    excuse me, the school field. As a condition of
13
14
    the approved Preliminary Plan Number 120150160,
     the Applicant, as part of the project, must, I
15
16
    quote, Dedicate and construct the extension of
17
    Landy Lane to applicable Montgomery County
18
     secondary street structural standards -- try
    saying that fast -- requiring the construction of
19
20
    a new cul-de-sac on the property where Landy Lane
2.1
    dead-ends at the school's property. Site Plan
22
    Number 820150080 depicts the proposed
2.3
     redevelopment of this property.
2.4
               The Applicant asserts in its petition
    that through the dedication of a previously
25
```

1	abandoned portion of Landy Lane extending just
2	north of the PAE, and construction of a new
3	cul-de-sac, it provides continuous public
4	vehicular access and an emergency access to Landy
5	Lane. The office of the County Attorney has
6	advised through discussions with the Applicant
7	that because the property is subject to a public
8	access easement, having been used by the public,
9	it is legally county right-of-way and thus
10	requiring the need for this abandonment process
11	today.
12	As part of the administrative process,
13	we have provided requisite notices to other public
14	agencies, abiding property owners, and the public
15	at large. During this process, we have collected
16	a number of exhibits that I will now introduce
17	into the hearing record. Give me one second, I
18	will go ahead and share my screen, and if I could
19	get a head-nod indicating that everyone can see my
20	screen, that would be really helpful. Awesome.
21	Thank you.
22	Exhibit A is the abandonment petition.
23	This letter that we received on June 25th, 2021
24	from the Applicant's representative shows several
25	exhibits here, and the first thing, Exhibit A,

1	which is the declaration and grant of public
2	access easement, which is Liber 20877, Folio 313
3	that I referenced in my in my comment earlier.
4	And then Exhibit B, which is plat Number 22176,
5	the subdivision record plat that references
6	Exhibit C, which shows relevant sections excuse
7	me of the Westbard Sector Plan. Can you guys
8	still hear me? Okay. All right. Exhibit D,
9	which is the preliminary plan that I referenced,
10	calling for the redevelopment of the property to
11	excuse me 121-unit age-restricted and
12	multi-family residential development, and then
13	Exhibit E, which is the site plan, and I will show
14	larger depictions of this later.
15	Exhibit B is the declaration and grant
16	of public access easement that I referenced
17	earlier, also depicted in the Applicant's letter.
18	Exhibit C is the subdivision plat Number 22176.
19	Exhibit D is the Preliminary Plan Number
20	120150160, with pre-approval of the proposed
21	multi-family residential development of the
22	property. Exhibit E is the site plan showing the
23	proposed redevelopment of the surface parking lot
24	or PAE. Exhibit F is the executive order number
25	164-21, authorizing today's public hearing.

Exhibit G is an aerial of the approximate 1 2 abandonment location. Exhibit H is the comment 3 solicitation e-mails that were submitted to county 4 agencies. 5 You'll note that there are two 6 announcements that were submitted, one on 7 September 10th, 2021. I will pause for a moment 8 and note that we had an original public hearing 9 scheduled for November 10th. Due to my error, I 10 had sent out notices to county agencies requesting 11 comments for the abandonment petition. However, 12 they were sent to my outbox and they did not go out, and so we had to reschedule this hearing. 13 14 And you'll notice on the second page of this 15 exhibit, there is also another e-mail that was 16 sent out on January 13th. 17 Okay. Exhibit I shows the same 18 announcement that was sent out to public utility 19 companies, also, noting that there was one sent 20 out on September 10th, and then another sent out 2.1 on January 13th. Exhibit J -- let me focus in, so 22 everyone can see -- Exhibit J is the Washington 2.3 Times affidavit of publication advertising today's 2.4 hearing and the registration process that ran on 25 February 4th and February 11th. Exhibit K is the

1 public hearing traffic sign that was posted in 2 front of the public access easement. 3 It also advertises the public hearing 4 and the QR code that directed interested parties 5 to the registration portal for today's hearing. 6 Exhibit L is the Montgomery County Department of 7 Transportation calendar events submission, 8 providing notice of the hearing and registration information. Exhibit M is a HOACA contact list; 9 10 it indicates all of the community associations and 11 housing associations -- homeowners' associations, excuse me, that received notice of today's 12 13 hearing. You'll note that the lines or the items 14 15 listed in green, they do not have an e-mail 16 address, and so they did receive a notice via 17 mail, and those with a red marking here, we 18 received an undeliverable message for those -- for 19 those parties. Exhibit N is the e-mail that was 20 sent out to those points of contact just shown in 2.1 the mailing list in Exhibit M. Exhibit O is the 22 general public notice that was submitted to abutting and affected property owners, advertising 23 2.4 today's hearing along with registration 25 information.

1	You'll also note, on the next page that
2	we sent notices out to those parties via certified
3	mail, and that's the tracking information, and the
4	notice was sent out on January 19th, 2022.
5	Exhibit P is the Department of Transportation
6	Development Review Committee comment, dated
7	November 2nd, 2021, with conditional approval,
8	noting that the PAE would should not take
9	effect until the substantial construction of the
10	cul-de-sac shown on the site plan, noting that
11	substantial construction does consist of, at
12	minimum, a base coat curb and gutter.
13	Exhibit Q is a comment received from the
14	division of Traffic Engineering and Operations,
15	dated September 24th, 2021, with no objection.
16	Exhibit R is a comment received from the
17	Department of Transportation Division of
18	permitting services plan review. You'll note that
19	there was original comment that was updated on
20	September 24th, 2021, providing an excerpt of an
21	e-mail from the representative from the office of
22	County Attorney, noting that the turnaround be
23	built before the current right-of-way is abandoned
24	and suggesting that construction and the
25	abandonment happen parallel or could happen

1 parallel to one another. 2 Atiq, who is the manager of the 3 right-of-way plan review section, requested an 4 update from the Applicant on the cul-de-sac 5 construction. You'll note here at the bottom of 6 this e-mail conversation that the Applicant did in fact provide a response explaining their agreement 7 8 with the abandonment being conditioned upon the 9 dedication of the formerly abandoned right-of-way and substantial completion of -- of the 10 11 cul-de-sac. 12 All right. There we go. All right. Exhibit S is a comment received from the division 13 14 of permitting services DOT in the fire and rescue 15 section noting conditional approval as long as the 16 previous -- as long as provisions of the approved 17 preliminary plan are met, particularly the cul-de-sac as noted earlier in other comments. 18 19 And also requesting that the approved fire 20 department access and water supply plan be 2.1 accompanied with their notes, which it is on the 22 second page. I'm not sure if you guys can see that. It takes a while for it to load. 23 24 pretty large file. 25 Exhibit T is a comment received by the

1	planning board, Montgomery County Planning Board,
2	dated November 8th, 2021, recommending approval of
3	the petition with the condition that the
4	abandonment does not take effect until the
5	condition cul-de-sac is substantially constructed
6	to base coat with curb and gutter. Noting that
7	planning board approved the recommendation for
8	approval for the abandonment, and the staff report
9	goes on to explain that the subject abandonment
10	has met all of the listed criteria for abandonment
11	in Section 49-63(c), Items 1 and 2 of the County
12	Code, and the report includes several attachments
13	that have been read into record already, such as:
14	Exhibit 1 is the Applicant letter, Exhibit C,
15	which is the plat subdivision plat, Exhibit D,
16	which is the preliminary plan and Exhibit E.
17	Exhibit U is a comment received from
18	WSSC Water, dated November 8th, 2021, noting an
19	8-inch water main within the proposed abandonment
20	area, and that any approval to vacate the public
21	access easement would be conditioned on the
22	Applicant granting
23	sufficient right-of-way for the
24	existing structures excuse me. Exhibit V is a
25	comment received from Washington Gas, dated January

1	24th, 2022, with no objection as long as their
2	existing facilities can remain in place, and
3	should be later and should later field
4	observations, indicate that the lines would not be
5	able to exist within the public right-of-way, that
6	the Applicants, or its that the Applicant would
7	contact Colin Burke (phonetic), the Maryland
8	distribution engineer.
9	Exhibit W is a comment received from
10	PEPCO, dated January 31st, 2022, providing an
11	initial objection, but later requesting that the
12	Applicant provide a sketch or a drawing indicating
13	an area for their equipment, and should any
14	equipment be required to relocate, that it would
15	be at the Applicant's expense. Exhibit X is the
16	Applicant's response to PEPCO's comment, dated
17	February 20th, 2022, indicating that PEPCO
18	equipment is located within a separately dedicated
19	right-of-way to PEPCO, and that it will not be
20	encroached or abandoned by this proposed
21	development of the property.
22	Exhibit Z, which is the right-of-way
23	deeds to PEPCO that the Applicant was referring to
24	in their in the previous exhibit, Liber 2157,
25	Folio 153. And then you'll note here a little

```
1
    change -- make sure I have that right -- 156, here
2
    we go, and then the second right-of-way deed,
3
    which is Liber 2157, Folio 156. This is
4
    right-of-way between the former property owner and
5
     PEPCO. Exhibit AA, it is executed, PEPCO
6
    quitclaim request letter.
7
               This details the agreements that the
8
    Applicant has had with PEPCO noting that the
9
    existing facilities will be placed underground
10
    with cost to be shared between the Applicant and
11
    PEPCO, and that PEPCO will move forward with
12
    quitclaiming both easements that were read into
    record in Exhibit Z. And then, finally, Exhibit
13
    AB, which is the Applicant's public hearing
14
15
    presentation, which I won't click through as they
16
    will be presenting that here shortly. Thank you,
17
    Mr. Paylor. I'll go ahead and turn this back over
18
    to you.
19
               THE HEARING OFFICER: Thank you, Tiara.
20
     It's my recollection that we can move forward with
2.1
    the testimony at this time.
22
               MS. MCCRAY: Would you want the -- the
23
    Applicant to do their presentation first?
2.4
               THE HEARING OFFICER: Yes, ma'am,
25
    please.
```

MS. MCCRAY: 1 Okay. 2 THE HEARING OFFICER: Thank you. 3 MS. GIRARD: All right. Erin Girard, 4 with Miles & Stockbridge, on behalf of the 5 Applicant. With me today is also Laura Tallerico, 6 my associate who's been assisting me on this 7 I'm going to try to share my screen to do matter. 8 the PowerPoint. Can everyone see that? Okay. 9 was like waiting for response, then I saw the 10 thumbs up, so I -- apologies for that. Okay. 11 will try not to be repetitive. 12 Many of the things in our letter were 13 also covered by Ms. McCray a minute ago, so I'm going to try to kind of keep at high-level, but as 14 15 mentioned Miller is the contract purchaser of the 16 properties, they're assumed to be the owner of the 17 property who is requesting the approval of the 18 abandonment of the public access easements, which 19 is depicted in red on the aerial that's before 20 you. As Ms. McCray noted, so River Road is to the 2.1 left of the screen, bottom left of the screen. 22 Landy Lane comes in. It dead ends right now at 23 Washington Episcopal School, which is shown --24 hopefully you can see my cursor moving just to the 25 north. Okay. Good.

So that's the episcopal -- Washington 1 2 Episcopal School building. You can see it faintly 3 here, but they often fence off the extension 4 through, and that's private property beyond that 5 fence, but they do use this parking area that's 6 the subject of the abandonment, for -- for parking 7 for their turf field, which they rent out to --8 for various uses. The -- you can't quite tell on 9 here, but when you come in, if you can follow my 10 cursor, there's an entrance here, and cars can circulate around, pursuant to the intent of the 11 12 public access easement, and come back out to go to 13 Landy Lane. So it provides that turnaround for when 14 you hit the gate for Washington Episcopal School. 15 16 As Ms. McCray noted, the public access easement 17 was established in connection with the 1999 18 preliminary plan. I tried to get some background. 19 Actually, some of my colleagues handled this 20 matter way back in the '90s. As to why they 2.1 subjected the entire property to public access 22 easement in exchange for the abandonment, no one 23 seemed to recall the history there. So I would 24 just note that it is -- this is an unusual case 25 where there was a dedication for Landy Lane, as

1 shown where my icon is, that was abandoned in 2 exchange for this much larger public access 3 easement, and that project never went forward. So what we're attempting to do now is to 4 5 abandon the larger public access easement and go 6 back essentially to publicly dedicated right-of-way, and as I'll explain in a minute, a 7 8 cul-de-sac for the Landy Lane extension. This is 9 just a quick picture of the relevant language from 10 the public access easement, which I believe Ms. 11 McCray mentioned as well. 12 It calls for the continuous public vehicular access through the property and adequate 13 14 access for Montgomery County emergency vehicles, 15 and this is an attachment to the public access 16 easement that again shows what I described. 17 River Road, coming off River, cars come down and 18 take the long route around the parking area to get back out, and I would note I've actually been out 19 20 there a couple of times for my daughters using 2.1 that field, and there's quite a great difference 22 between the -- this roadway and the parking lot. So if you're not careful, you can bottom 23 out your car, so it's not exactly a very easy 24 25 turnaround. This is an excerpt from the approved

1 preliminary plans -- preliminary plan and site 2 plan were approved in 2016 for a 121 unit 3 age-restricted multi-family building. As noted, 4 Condition 9 of that approval requires the 5 dedication of Landy Lane and this cul-de-sac that 6 I'm showing with my cursor. This -- where, Lot 2, 7 is written in the hatching, that is the proposed 8 building. There's a little courtyard and then, as I mentioned, the turnaround. 9 10 So this turnaround was the subject of 11 much discussion during the preliminary plan 12 proceedings to make sure that it adequately could accommodate emergency vehicles and regular 13 14 vehicles, to turn around quickly and efficiently 15 and was determined to do that, and that's why it's 16 condition of the approval. Again -- again, as 17 noted by Ms. McCray, the staff report for parking 18 planning picked up the condition that we had agreed to with Montgomery County Department of 19 20 Transportation and Montgomery County Department of Permanent Services in recognition of the fact --2.1 22 and if I can just go back one slide -- that there 2.3 will never be a time when there is not public 2.4 access. 25 So everyone was in agreement that to

1 just abandon the PAE without anything else in 2 place was not going to be acceptable. So what is going to occur is: As soon as the cul-de-sac is 3 4 constructed and it's defined, substantial 5 construction, what that means in the condition, as 6 soon as that is dedicated and constructed, then 7 the PAE will be lifted to allow for the 8 re-development of the remainder of the property as envisioned in the entitlements. 9 10 Again, a quick look at the planning board letter of recommendation, and then I realize 11 12 this is a lot of colors, and a lot of lines on a 13 small plan, but that was -- we have submitted the 14 utility plan, and we did get comments from, as was 15 noted, Washington Gas, WSSC, PEPCO. The Applicant 16 has been working through those to really just --17 to explain to them that their lines are -- in the case of Washington Gas and WSSC, their lines are 18 19 already within what will be the dedicated right-of-way. 20 2.1 So there will never be a time at which 22 their lines are not protected. They're going to go directly into the public right-of-way from the 23 2.4 PAE, and so they're not going to be subject to 25 being on private property at any point in time,

1 and, as noted, we had originally responded to 2 PEPCO regarding their lines, and the Applicant, 3 through the letter that was submitted this 4 morning, has demonstrated that they have been 5 working closely with PEPCO to -- although it's 6 really irrelevant to this proceeding because the 7 lines would've been protected by the easements 8 anyway, that they're working with PEPCO to make 9 sure that those lines are relocated underground in 10 connection with the project. 11 So as detailed in our letter, pursuant to Section 49-63(c) of the Montgomery County Code, 12 Abandonments are allowed upon a finding that 13 either: 1, the right-of-way is no longer necessary 14 15 for public present -- public -- present public use 16 or anticipated public use in the foreseeable 17 future, or 2, the abandonment is necessary to 18 protect the health, safety and welfare of the residents near the right-of-way to be abandoned. 19 20 As we noted in our letter, although only 2.1 one needs to be met to allow for an abandonment, 22 we believe that both are met in this case as 23 demonstrated by the material of record and from my 24 explanation. The current turnaround is pretty 25 cumbersome, and the grade is not -- is not great.

1 This will facilitate a much easier turnaround for 2 emergency vehicles and for regular vehicles who 3 encounter the gates and private property of 4 Washington Episcopal School and needs to turn 5 around. 6 So it will be a much safer and more 7 efficient turnaround. We also noted, as was shown 8 in the exhibits, that the Westbard Sector Plan 9 calls for the re-development of the property. As 10 you've seen in the exhibits, the public access easement currently covers the property corner to 11 12 corner, so obviously no re-development could occur on the site as long as that public access easement 13 14 is in place, so it needs to be lifted to allow for 15 the re-development in conformance with the sector 16 plan, and the County Council, obviously, has 17 adopted the sector plan as being in the public 18 interest. 19 Finally, the facts and circumstances 20 have changed since the initial dedication and --2.1 or the recordation of the public access easement. 22 As noted, that was predicated on the 1999 plan 23 that never proceeded to development, and the 24 assumptions upon which it was granted have 25 obviously changed to give way to this new

cul-de-sac, new dedication, and new proposed 1 2 project that was approved in 2016. So with that -- because it's -- vou 3 4 know, there's not a full-on abandonment it's 5 really kind of switching one for the other, we 6 weren't going to do a more detailed presentation 7 than that. As noted, Charles Struse is here on 8 behalf of Millard Bowman. If there's any 9 technical questions about construction or the 10 utilities that I can't answer, but I believe, 11 pursuant to the materials of the record and this 12 presentation, we've met the burdens to show that an abandonment of the public access easement is 13 14 appropriate in this case. Thank you. 15 THE HEARING OFFICER: Thank you very 16 much. Is -- so are there any other individuals 17 associated with you, the Applicant, that wish to 18 make comments on this? 19 MS. GIRARD: I don't believe so, unless 20 Charlie has something I forgot. No. We can 2.1 answer questions. 22 THE HEARING OFFICER: Okay. Great. 23 don't have any questions at this time. 2.4 therefore we'll allow anybody or any individuals on the call who registered to speak, do so and --25

1	and make relevant comments.
2	MS. MCCRAY: I believe I received notice
3	from Mr. Greg that he might be interested in
4	speaking.
5	THE HEARING OFFICER: Yes.
6	MR. PUGH: I just had two quick
7	questions, and I apologize, I'm very much a
8	layman, and but my my child's a student at
9	Washington Episcopal. As I understand the plans,
10	there is still access from the the new
11	cul-de-sac to the gate at Washington Episcopal.
12	So they would be able to continue to use the
13	roadway at Landy Lane to enter and exit the
14	school; is that right?
15	MS. GIRARD: Correct.
16	MR. PUGH: Okay, and have you all had
17	any contact with the school in terms of like, you
18	know, what construction disruptions would be and
19	that sort of thing or
20	MS. GIRARD: Very, very close contact,
21	yes.
22	MR. PUGH: Great, great. That was my
23	only two concerns. Thank you.
24	MS. GIRARD: Yes.
25	THE HEARING OFFICER: Mr. Pugh. Thank

1	you so much. Tiara, do you know if anyone else
2	wants to be afforded the opportunity to offer
3	comments?
4	MS. MCCRAY: No, sir. No one had made
5	note in their registration information, but I do
6	know that Ms. Angie had signed up to participate.
7	I'm not sure if Ms. Angie, you'd, you know, be
8	interested in making a comment at this time?
9	MS. MCCARTHY: Fine, but thank you for
10	opening up to me.
11	MS. MCCRAY: You're more than welcome.
12	Seeing no requests in the chat, Mr. Paylor, I
13	think you're good to go.
14	THE HEARING OFFICER: All right. If
15	there on no additional comments, I'm declaring
16	this hearing closed. As I mentioned earlier, the
17	record will remain open until March the 8th, 2022,
18	to accommodate any additional comments for the
19	record, and please if those comments do surface,
20	please make sure that they're addressed to Ms.
21	Tiara McCray, Montgomery County Department of
22	Transportation, 100 Edison Park Drive,
23	Gaithersburg, Maryland 20878. And so with that, I
24	call this hearing closed.
25	(Off the record at 1:35 p.m.)

1	CERTIFICATE OF COURT REPORTER
2	I, Carl Hellandsjo, the officer
3	before whom the foregoing proceedings were taken,
