## Tuckerman Lane Pedestrian and Bicycle Improvements Public Workshop, June 15, 2017

The Montgomery County Department of Transportation (MCDOT) invites you to attend public workshop No. 3 to learn about the latest updates for the Facility Planning Phase I Study of Tuckerman Lane Pedestrian & Bicycle Improvements.

On November 16, 2015, MCDOT's Division of Transportation Engineering (DTE) hosted the second public information meeting to share the initial concepts that MCDOT had developed for the short and long term pedestrian and bicycle improvements throughout Tuckerman Lane from Gainsborough Road to Old Georgetown Road. The proposed short term improvements include addressing immediate safety needs at selected locations. The proposed long term improvements include multi-modal transportation facilities to reflect the Master Plan recommendations along the corridor. More than 24 citizens were in the attendance. MCDOT received a total of 22 written comments in response to the public meeting. Out of 22 comments, 19 were in support of pedestrian and/or

bicycle improvements. The comments addressed concerns on the safety of pedestrians and bicyclists, speeding along the corridor, intersection safety, street lighting improvements, or further extending the project scope to Falls Road.

### PUBLIC WORKSHOP Thursday, June 15, 2017 7:00 - 9:00 PM

Herbert Hoover Middle School - Cafeteria  
8810 Postoak Road, Potomac, MD 20854

### PURPOSE OF PUBLIC WORKSHOP

The purpose of this public workshop is to present the updated alternatives and concepts for the short term and long term improvements in response to the public comments that MCDOT has received and to obtain the community feedback.

You are encouraged to attend the workshop, share your concerns, and provide any suggestions that may better reflect your community's needs for safer bicycle and pedestrian access.

For more information, please contact  
Mr. Greg Hwang - Project Manager  
Phone: 240. 777. 7279  
Email: Greg.Hwang@montgomerycountymd.gov

## PUBLIC COMMENTS FORM

Public input is the key to an effective planning process, as it allows MCDOT to understand the concerns of the community. You are encouraged to complete the form below. Your comments will become a part of the public files and may be included and/or summarized in the Project Prospectus and other public documents. Due to the high volume of comments received, MCDOT regrets that responses will not be provided to all comments, but we assure you that all comments will be read and evaluated.

Please provide us with any comments and return by: **Friday, June 30, 2017**
