SPECIAL POINTS OF INTEREST:

- **Construction Duration:**
Phase 1-12 months
- **Construction Starts:**
November 2016
- **Initially work will be performed under one-lane closures along Executive Boulevard**

Construction Ahead

ISIAH LEGGETT
Montgomery County Executive

AL R. ROSHDIEH - Director
Montgomery County Department of Transportation

White Flint West Workaround - Phase 1 and Montgomery County Conference Center Parking Garage

PROPOSED SCOPE

Starting in the fall of 2016, the Conference Center surface parking lot will close in order to build a new, structured parking garage. The new garage will be six stories tall, house approximately 650 spaces, and will be accessible from both Executive Boulevard and Market Street.

The roadway construction work will begin on or about November 8th, with a re-alignment of Executive Boulevard and construction of a portion of Market Street. The roadway work is the first step to create a street grid near the Conference Center. During Phase 2, both Executive Boulevard and Market Street will connect to Old Georgetown Road.

TRAFFIC CONTROL, WORK HOURS, and CONSTRUCTION PHASING

During the construction period, Conference Center guests will be directed to park at a satellite lot at 6120-6130 Executive Boulevard. Guests will be transported to and from the Conference Center on shuttle buses that will run continuously during center events. Staff from the facility manager, Marriott, will be on hand at the satellite lot to ensure that all patrons arrive comfortably at the Conference Center.

Construction will take place Monday through Friday between 9:00 a.m. and 3:00 p.m. Occasional Saturday work may be necessary to make up for weather days. The County will work to minimize any disruption to the surrounding residents and business communities.

Keeping Informed

This newsletter is sent to residents who are on the project mailing list and to the owners of businesses in the vicinity. Please share this information with your neighbors. If they want to receive future newsletters, please contact the MCDOT Transportation Construction Section, at 240-777-7210. We plan to provide you with periodic updates on this project. Please feel free to contact the project team at the field office or at the phone numbers below.

Finally, watch for signs and message boards posted near the project site. These will keep you informed of impending changes to the traffic patterns and guide you safely through the work zone.
