Aspen Hill Neighborhood Greenway Pilot Project

The Montgomery County Department of Transportation (MCDOT) invites you to attend a public workshop to learn about the Aspen Hill Neighborhood Greenway Pilot Project. This project will explore opportunities to improve safety for people bicycling and walking between the Glenmont Metro Station and the Aspen Hill Shopping Center and North Gate Shopping Center via a parallel route to Georgia Avenue. This project will also examine the feasibility and impacts of creating connections between the Matthew Henson Trail and neighboring communities as well as through Harmony Hills Neighborhood Park.

At this public workshop, the project team will present an overview of the Neighborhood Greenway toolkit, concept corridor alignments, and preliminary recommendations. We will also collect feedback from the community, discuss concerns, and answer any questions from the public regarding this project. We encourage you to attend, share your concerns, and provide any suggestions that may better reflect your community’s needs for safer routes for bicycling and walking. Comments and feedback can also be shared after the public workshop and throughout the project. Should you have questions or comments regarding this project at any point, please contact the project manager.

If you cannot attend the meeting in person, the presentation will be live streamed using this link: https://montgomerycounty.adobeconnect.com/aspenhillneighborhoodgreenway/

Estimados amigos: Nos gustaría que compartieran sus opiniones como comunidad Latina. Por esa razón, tendremos una traductora de español, que explicara claramente toads las ideas de la gente que participara en nuestra reunión. Esperamos verlos el día 6 a las Junio.
