MONTGOMERY COUNTY EXECUTIVE REGULATION

Offices of the County Executive. 101 Monroe Street. Rockville, Maryland 20850

Subject: SYSTEMS BENEFIT CHARGES – RESIDENTIAL WASTE ESTIMATES	Number: 6-24
Originating Department: DEPARTMENT OF ENVIRONMENTAL PROTECTION	Effective Date: July 1, 2024

Background: Montgomery County Code (2014), as amended, Section 48-8A(b)(2)(A), provides that the County Executive must establish by executive regulation the estimated amount of solid waste generated per dwelling unit and that the regulation may consider the size of the dwelling unit.

Section 1. Estimate of solid waste generation for calculation of the residential systems benefit charges. To calculate the residential systems benefit charges, each single-family dwelling unit and each multi-family dwelling in a building, consisting of six or fewer dwelling units in the County, is estimated to produce 1.7651 tons per year of solid waste. Each dwelling unit in a building with seven or more dwelling units is estimated to produce .8592 tons per year of solid waste.

Marc Elrich
County Executive

Approved as to form and legality
This 8th day of March 2024
