

Clerk's Note: Previously repealed by Resolution No. 15-322, September 9, 2003.

Resolution No.: 17-936
Introduced: November 12, 2013
Adopted: November 12, 2013

**COUNTY COUNCIL
FOR MONTGOMERY COUNTY MARYLAND**

By: County Council

SUBJECT: Repeal of Executive Regulation 73-91, Basic Life Support (BLS) Quality Assurance Program for EMT-As

Background

1. Executive Regulation 73-91 established minimum requirements for a BLS quality assurance program under an Emergency Medical Technician-A (EMT-A) certification level. Beginning in 1999, the State abolished this certification level and established an EMT-B certification level as the new minimum. Montgomery County Fire and Rescue Service has a permanent Quality Assurance Program that monitors the performance and skills of all Emergency Medical Services Personnel. As a result, Executive Regulation 73-91 is obsolete.
2. On October 10, 2013, the County Council received the Executive's request to repeal Executive Regulation 73-91, Basic Life Support (BLS) Quality Assurance Program for EMT-As. The Fire and Emergency Services Commission also approved the repeal of this regulation.
3. Section 2A-15(f)(1) of the County Code provides that to repeal an adopted regulation, an issuer must use the procedure under which the regulation was adopted. Executive Regulation 73-91 was adopted under Method (2). Under Method (2), if the Council does not approve or disapprove a regulation within 60 days after the Council receives the regulation, it is automatically approved and takes effect the day after the deadline for approval or a later date specified in the regulation.

Action

The County Council for Montgomery County Maryland approves the following resolution:

Executive Regulation 73-91, Basic Life Support (BLS) Quality Assurance Program for EMT-As, is repealed.

This is a correct copy of Council action.

Linda M. Lauer, Clerk of the Council
