

# MONTGOMERY COUNTY EXECUTIVE ORDER

Offices of the County Executive • 101 Monroe Street • Rockville, Maryland 20850

Subject: <b>Montrose Parkway East Project (CIP #500717)</b>	Executive Order No. 57-12	Subject Suffix and SR
Originating Department: DEPARTMENT OF TRANSPORTATION	Department Number	Effective Date 3/27/2012

- Pursuant to Section 49-54 of the Montgomery County Code (2004) as amended, and Executive Order 132-11 the County Executive finds that public interest requires the construction of roadway improvement that consists of an extension of Montrose Parkway in an easterly direction, approximately one mile in length, from the easterly limits of the proposed SHA-constructed portion of Montrose Parkway (located 800 feet east of Parklawn Drive) to the master-planned termination of Montrose Parkway at Veirs Mill Road (MD587) replacing the current intersection with Gaynor Road. The completed project will provide a continuous Montrose Parkway from Montrose Road near I-270 on the west to Veirs Mill Road (MD587) on the east. The proposed roadway is to be constructed as a four-lane divided highway with curb and gutter, a five foot wide, ADA compliant, concrete sidewalk on the south side; and a ten foot wide asphalt path on the north side. The project will include a 350-foot long highway bridge over Rock Creek; relocation and reconstruction of 800 feet of Rock Creek Trail – including a 107-foot long pedestrian bridge over proposed Montrose Parkway; reconstruction of approximately 2,000 feet of Veirs Mill Road; and several retaining walls designed to reduce environmental impacts. Streetlighting, landscaping, and stormwater management will be provided. The traffic signal at the Veirs Mill intersection will be modified to accommodate the new intersection.
- A public Hearing was held on the project at 3:00 p.m. on Wednesday, July 13, 2011, in the lobby level auditorium of the Executive Office Building (EOB) located at 101 Monroe Street, Rockville, Maryland.
- Estimated cost of the proposed improvement and funding allocations thereof are as follows:

\$ 0.00	Costs to be assessed for special benefit against applicable properties
\$ 54,095,000.00	Costs for the County-constructed portion of the project to be borne by Montgomery County funded through General Obligation Bonds
\$ 65,400,000.00	Costs for the State-constructed portion of the project to be borne by Montgomery County funded through General Obligation Bonds
\$ 119,495,000.00	Total Estimated cost of the project, including engineering, right-of-way acquisition, site improvements, and construction.
- Unless otherwise approved by the County, expenditures authorized by this Order plus expenditures accrued to date for this project shall not exceed \$119,495,000.00 and shall be made payable from funds appropriated for CIP Project No. 500717.
