Naloxone (Narcan)

Leave these kits with the people!

FCGO 22-04

During Cardiac Arrest...

Naloxone should be withheld during cardiac arrest until a patient achieves ROSC.

Review Use of Naloxone in Cardiac Arrest ([CPG 2021-01](#))

Did you know...

You should document *Narcan* (and *Aspirin*) administration prior to Fire/Rescue arrival when it is given by a bystander or lay person.
