Date September 1, 2005

TO: All MCFRS Personnel
FROM: Fire Chief Thomas W. Carr, Jr.

In anticipation of a potential fuel shortage due to the events in the Gulf region, I am ordering each LFRD to contact their fuel supplier to top off all storage tanks at their respective stations. My staff has been in contact with each of you to discuss your current quantities as well as your availability to receive fuel from your suppliers.

Please contact Division Chief Alan Hinde by the close of business on September 2, 2005 to report your progress. I want to thank you for your continued cooperation during this critical time.
