For example, you need syringes. Type syringe in the search box and that search will populate syringe-type products. Click 'syringe' and the page will open to the products (screen shot on the next page)

The screenshot shows a search results page for 'syringes'. On the left is a 'Refine Results' sidebar with a 'Shop By Category' section containing links like 'Infusion IV And Syringe (20)', 'Infection Control (4)', 'Mass Casualty (2)', 'Miscellaneous (2)', 'TECC (2)', 'Airway - Alternative Airways And Intubation (1)', 'Airway - ET Tubes And Accessories (1)', 'Patient Handling (1)', 'Speciality (1)', 'Suction (1)', and 'See more'. Below this is a 'Shop By Manufacturer' section. The main content area has a header stating 'You searched for "syringes"' and '30 products found'. Below this is a filter bar with 'Products Per Page' set to 36 and 'Sort Results By' set to RELEVANCE. The first product listed is 'Terumo Luer Lock Syringes' by ANIMAL HEALTH, with a price range from \$0.37 to \$0.53 EA. The second product is 'Mallinckrodt Nasal™ Intranasal Mucosal Atomization Devices' by TELLEPS MEDICAL. Red annotations include a box labeled '1' pointing to the search results header and a box labeled '2' pointing to the 'Refine Results' sidebar.

Mannject™ SoftDose Luer Lock Tin Insulin Syringe Without Needle

If you decide to stay on the page, just scroll down and start your shopping. We are looking for syringes in this example. Hit 'View Product Details' once you have found what you are looking for

Another way to find what you are looking for is to hover over Products (1) which will bring up Montgomery – Regular; hover over Montgomery – Regular (2); and a new drop down of product groups will show – select from the groups (3). It is completely by preference on how you search for your products. If you chose this way – make sure you follow the same steps here to get to other products or you will get an error screen (start back with hovering over Products)

Due to COVID-19, orders for high demand products may be impacted. Learn how we can help you here. »

Good job! Once you hit Submit for Approval, you will get a notice that your purchase request has been submitted. Your order will come to EMS Logistics for approval. All orders will be approved within 24 – 72 hours.

When you order, make sure you are using good ordering etiquette. Things that are helpful to remember:

- Be an advocate for restocking at the hospital according to supplies used with patients. Perhaps you can advise personnel not to take supplies from the hospital not associated with their patient
- Put yourself on an ordering schedule [once a week (depending on the call load at your station), once every other week, or once a month]
- There is no need to hoard supplies. You can order from Bound Tree or contact EMS Logistics anytime for your needs. That being stated – it is best to learn how to manage ordering your supplies. You know your station; you know what sits around and what doesn't – try not to wait until the last minute to order. There is a balance – to be easier on you, become familiar with it
- Know that some items take time to get – please be patient
- Part of your order may get changed – either the quantity or completely deleted off your order. An attempt will be made to reach out to you as to why. Sometimes it is just as simple as it is coming from EMS Logistics and other times it could be a change with the product.

EMS Logistics is committed to making ordering supplies easy for you. Please be patient as we work through some different processes. Any questions regarding the directions in this PPT or questions about EMS Logistics, please contact Captain Ashley Robinson at mcfrs.emssupplies@montgomerycountymd.gov, 240-777-2220 or 240-255-8074
