B. Instructions for using the ABS will be maintained at the Central Processing Unit (CPU) and assistance can be provided by the CPU personnel. In the event of planned outages for ABS maintenance or system failure, officers will be required to complete Statements of Charges/Probable Cause following the guidelines of the directive.

**II. Statement of Charges (DC/CR2)**

A. When an officer makes a physical arrest without an arrest warrant, the DC/CR 2, "Statement of Charges," (SOC) will be used in conjunction with the DC/CR 4, "Statement of Probable Cause" (SPC). The SOC will contain the wording of the specific statute the suspect is charged with. If more than two charges are made, the DC/CR 2A, "Statement of Charges Continuation," will be used. The SPC will contain the probable cause and outline the circumstances of the arrest. The narrative must contain all the information that is contained in the statute. If more space is required, the DC/CR 4A, "Statement of Probable Cause Continuation," will be used. All forms will be clearly typed or neatly printed.

### III. Application for Statement of Charges (DC/CR1)

- A. The Application for Statement of Charges (DC/CR1) shall be utilized by officers applying for an arrest warrant or summons. It should be clearly typed or neatly printed.

A request for the defendant's return should only be made if it would substantially enhance the investigation.
  5. When requesting a warrant, supporting information must be documented as to why a warrant should be issued (i.e., number of FTAs).
- D. If additional room is needed for probable cause, use the continuation form DC/CR 4A.
- E. Officers will complete an MCP 72, "Warrant/DCS Control," and attach it to the Application for Statement of Charges along with a copy of the event/supplemental report.
- F. Officers will remain present while a commissioner reviews the Application for Statement of Charges in the event more information is required.

### C. Distribution

All copies of the application will be submitted to the commissioner. When a warrant is issued, the commissioner will forward all but the State's Attorney's copy of the application with the warrant to the Warrant Control Unit, unless the officer requests to personally serve the warrant (refer to FC 534, "Montgomery County Computer Warrant Index System"). When a District Court Summons (DCS) is issued, the commissioner sends the DCS directly to District Court.

- H. Submit an MCP 107, "Witness Information Form," with the supplement report when obtaining a warrant or DCS. The MCP 107 may be updated when the warrant or DCS is served, if necessary. The District Court case number will be used as the tracking number on the MCP 107 and MCP 107A, "Evidence Information Form."

### IV. Commissioner's Issuance of Charging Documents

- A. A charging document prepared by a commissioner after application by an officer, will be distributed as follows:
  1. For a warrant:

    - b. All other copies forwarded to the court
- B. Once the charging document has been completed by the commissioner, the commissioner will issue either a Criminal Summons on Charging Document or Arrest Warrant on Charging Document.

### V. Defendants with Multiple Charges

When multiple charges are made against a defendant arising out of the same set of circumstances (companion cases), there will be one tracking number for all charges (i.e., defendant is charged with first degree rape, first degree sex offense and second degree sex offense with the same tracking number for all three charges).

### VI. Traffic Charges

- A. If an individual is arrested on traffic charges and taken before a commissioner for an initial appearance, the officer must present an SPC along with the traffic citation.
- B. If an on-scene criminal arrest is made and there are accompanying traffic charges, the SPC must include

both the criminal and traffic charges. No traffic charges will be made on the SOC form.

- C. If applications for both a criminal warrant and a traffic warrant are being made, one Application for Statement of Charges may be used for the traffic charges and for the criminal charges. The narrative must contain both the probable cause for the criminal charges as well as for the traffic charges.

## VII. Fugitive Warrants
