

Benchmarking Ambassadors

The following lists stakeholders, volunteers, and energy service companies who received an in-depth orientation to the Benchmarking Law and have been trained by EPA ENERGY STAR on how to properly benchmark in Portfolio Manager to comply with the Benchmarking Law. **Please reach out to these Ambassadors as a resource. Several also offer benchmarking and/or verification services to help you comply with the Benchmarking Law.** Many of these Ambassadors are also part of the [ENERGY STAR Partners](#) program or [Service and Product Provider Network](#), and fluent in other languages as noted below.

Disclaimer: Inclusion in this list does not confer certification, an official endorsement, or approval from the Montgomery County Government or any of its agencies.
