A dandelion here,
One or two more over there,
Color to my lawn!
Once a mass of stark grass
Now teeming diversity
Our yard is alive

Your lawn restores life
below, soil microbes thrive
Mother Nature smiles
-Doug W
The lawn is abuzz
Insects and birds flit about
Enjoying the sun
- Miles K
Let's keep the grass green
We are in this together
To protect our world

Spring rains make grass grow.

Leave clippings when you mow, so

Feed the lawn, save dough.

Wild onions are weeds
They’re quarantine-safe groceries
Free from the back lawn
---Cynthia T

I like to sit here
Among the tall, green grasses
The grass supports me
---Larissa J

Soil, clover, earthworms
Synthetic chemicals kill
Care for your lawn right
---Thomas C

I don’t like my lawn
It is full of ugly weeds
burn it, burn it, please!
---Ryan Z

Creme brûlée sizzle
Weeds in lawn from Spring drizzle
Pull out Julia’s torch

The grass keeps growing
Free of poison pesticides;
Time to mow again!
---Crispin T

Slender blades of lush grass
Birthed from seed from the dark earth
Dance in the spring rain
---Grace

Please pick up your trash
‘cause my lawn doesn’t want it,
colors of wrappers that clash.
---Laura M

Does yard grass aspire
to become wild as prairie?
Mowers are tyrants
