Month Day Year

You must provide the following Intermediate Remedial Action (IRA).

**FIRE WATCH:**

Provide a minimum of \_\_\_\_\_ people with communication capabilities and access to an outside telephone. Watch personnel must walk the entire building to check for smoke and fire and evacuate all persons in the event of a fire emergency. A log must be maintained on the premises with entries every \_\_\_\_\_ minutes. Entries should note area checked, time checked and by whom. Persons responsible for the fire watch must be exclusively used for this purpose. Provide signs that state "**ALARM SYSTEM OUT OF SERVICE, IN CASE OF FIRE EMERGENCY, DIAL 911**". Post at all entrances and at Manual Pull Fire Alarm Stations, if so equipped.

**SMOKE DETECTION:**

Provide and install working smoke detectors.

- Hard wire innerconnected
- Single Station (Battery Powered)
- At following locations and or spacing:
  
- Detectors to be tested \_\_\_\_\_ and log kept.

**SEPARATION:**

- Provide smoke barrier between the following areas:
  
- Provide \_\_\_\_\_ listed separation between the following areas:

**LIMITED AREA SPRINKLER PROTECTION:**

Provide limited area sprinkler protection off of the domestic water supply in the following areas:

**OTHER:**

The above items are necessitated due to the conditions cited in your notice of violation, and must be maintained until corrected.
