Duplicate the Risk Watch knowledge test and work with children in small groups or individually. Ask a parent volunteer or teacher’s aide to assist with administering the test. Have the children look at the two pictures for each question. Explain each picture. (Example: Point to the picture of a bathtub with steam, then point to the picture of a ball. Read the question corresponding to the pictures. Have the children draw a ring around the best answer.) Correct answers are highlighted.

1. Look at the two pictures. One picture shows a bathtub filled with water. One picture shows a ball. Which could be hot and hurt you?

   (One picture shows a bathtub filled with steaming water, the second picture shows a ball.)

2. Look at the two pictures. The first picture shows a child giving the matches to the grown-up. The second picture shows a child telling a grown-up to put the matches away. If you found matches lying on a table, which picture shows the safest thing to do?

   (One picture shows a child giving matches to a grown-up, the second picture shows a child telling a grown-up about the matches.)

3. Look at the two pictures. The first picture shows children still playing a game. The second picture shows children going out of the house. Which picture shows what you do if the smoke detector/alarm sounds?

   (One picture shows two children playing in a home, the second picture shows the children going out the front door.)
4. Look at the pictures of the child riding a bike. Which picture shows a child riding safely?

(One picture shows a child riding with a helmet, one picture shows a child riding without a helmet.)

5. Look at the pictures of a child crossing the street. Which picture shows the child crossing the street safely?

(One picture shows a child crossing the street alone, one picture shows a child crossing the street at the crosswalk with a grown-up.)

6. Look at the pictures of a child riding in a car. Which picture shows the child riding safely?

(One picture shows a child riding in a booster seat in the back seat, one picture shows a child riding in the front seat without a safety belt.)

7. Look at the pictures of a child getting a drink. One picture shows a child drinking something from a bottle from under the kitchen sink. The second picture shows a child taking a drink from a grown-up. Which picture shows the safest way to get something to drink?

(One picture shows a child in front of a cabinet under the sink, lifting a bottle to his/her mouth, the second picture shows a grown-up giving the child something to drink.)

8. Look at the pictures of the children playing. Which picture shows children playing on the slide safely?

(One picture shows children taking turns on the
9. Look at the pictures of the child on an escalator. Which picture shows the child acting safely on the escalator?

(One picture shows a child holding on to a parent’s leg, the second picture shows a child holding on to the handrail and parent’s hand.)

10. Look at the pictures of the child dressed for a windy day. The first picture shows a child wearing a sweatshirt. The second picture shows a child wearing a sweatshirt with drawstrings around the neck. Which sweatshirt is the safest?

(One picture shows a child wearing a sweatshirt without drawstrings, the second picture shows a child wearing a sweatshirt with drawstrings.)

11. Look at the two pictures of a child eating. Which picture shows a child eating safely?

(One picture shows a child seated at a table, one picture shows a child walking while eating.)

12. Look at the two pictures. The first picture shows a child giving a gun to a grown-up. The second picture shows a child telling a grown-up about the gun. Which picture shows the safest thing to do?

(One picture shows a child handing a gun to a grown-up, one
13. Look at the two pictures. The first picture shows a child swimming at the beach. The second picture shows a child swimming at the beach with a grown-up. Which picture shows the safest thing to do?

(One picture of a child wearing a PFD playing in water at the beach, one picture shows a child wearing a PFD playing in water at the beach with a grown-up standing nearby.)

14. Look at the two pictures of children on a bus. Which picture shows the safest way to ride the bus?

(One picture shows a child sitting in a seat, the second picture shows a child standing on the seat.)
Draw a ring around the best answer.

This form can be used to record student knowledge test scores before participating in the Risk Watch program. After studying all the risk areas, have students take the Knowledge Test again and record the test scores after the program. Converting the test scores to percents will help you calculate the overall class knowledge gain.

Total Percentages: ____________________________  Class Average: ____________________________
We want to know what you think of Risk Watch®. Use this User Survey Form to let us know how the program has worked in your classroom and ideas to make the program even better.

Name: ____________________________

School: ____________________________

Address: ____________________________

City: ________________________________

State/Province: ________________ Zip/Postal Code: ________________

Grade Level: ________________________

What do you like about Risk Watch?

________________________________________________________________________

________________________________________________________________________

What do children and caregivers like about Risk Watch?

________________________________________________________________________

________________________________________________________________________

What recommendations do you have to make the program better?

________________________________________________________________________

________________________________________________________________________

If you have observed a positive change in the behavior of any of your students as a result of their participation in the Risk Watch program, please use the Risk Watch Success Incident Report Form to document it. Your class or student may be eligible to receive a certificate of recognition from NFPA!

Return completed form to:
NFPA, Public Education Division,
1 Batterymarch Park, P.O. Box 9101, Quincy, MA 02169-7471
Fax: (617)770-0200
We want to recognize students and others in your community who have put their Risk Watch® safety lessons into action. We'll mail a special commemorative certificate to your local hero for each documented “Risk Watch Save” or “Risk Watch Success” you tell us about.

A “Risk Watch Save” certificate will be presented to a person whose actions, learned as a direct result of participation in NFPA’s Risk Watch program, have resulted in the preservation of human life, or whose positive intervention has prevented or minimized a potentially life-threatening situation. (Examples: Nominee followed a pre-established escape plan and survived a home fire, survived a motor vehicle collision through the proper use of safety belts or a child restraint seat, avoided severe head injury in an actual bicycle incident by wearing a bike helmet; and so forth.)

A “Risk Watch Success” certificate will be presented to a person whose actions, learned as a direct result of participation in NFPA’s Risk Watch program, have reduced the danger of a potentially harmful situation. (Examples: Nominee persuaded caregiver to install a smoke alarm or practice a home fire drill; convinced a friend to wear a bicycle helmet or safety belt; told a responsible adult that he or she had found matches, poison, ammunition, or a gun; and so forth.)

In order for NFPA to issue a certificate in a timely fashion, please be as detailed as possible when completing this form.

NFPA will review the information provided on the Risk Watch Success Incident Report and determine the viability of the incident. Successes and Saves will be acknowledged with a certificate of commendation signed by the President of NFPA. The certificate will be sent to the person listed below for presentation to the individual who performed the safe behavior. Please specify contact name, complete address, and telephone number for NFPA to send the certificate.

When will the certificate be presented? ________________________________

Please duplicate this form for future submissions.
Who performed the *Risk Watch* behavior? ____________________________

Age of individual at the time of the incident: _____ Grade: ____________

Name and ages of all children involved: ________________________________

Date of incident: ___________________________________________________

City/town where the incident occurred: ________________________________

Exact location where incident took place: ______________________________

In the event of a “Save,” NFPA will contact the child’s family, please include the family’s home phone number in your initial report: __________________________

Name of teacher who taught the individual the *Risk Watch* behavior:

_______________________________________________________________

When was *Risk Watch* first implemented in the classroom?

_______________________________________________________________

When was *Risk Watch* first implemented in the community?

_______________________________________________________________

Please indicate the risk area involved with this incident (check box):

- Motor Vehicle Safety
- Fire and Burn Prevention
- Choking, Suffocation, and Strangulation Prevention
- Poisoning Prevention
- Falls Prevention
- Firearms Injury Prevention
- Bike and Pedestrian Safety
- Water Safety

Please write a detailed summary of the incident, spelling out exactly what happened and what steps were taken by each person involved in the incident. Also explain how the child’s action(s) positively impacted his/her safety and that of others. Attach documentation such as a newspaper article or incident report, if available.
