**100 – CALL TO ORDER**

101 – Approval of FESC minutes for August 2024 -Approved with Jane's Edits

102 – FESC Chairperson's report – Chair Powell- No Report

Question regarding Chair and Vice Chair Elections.

Tabled for October

103 – Fire Chief's report -No Report

The theme that has emerged from my meetings with people is our policies; I have charged the Division Chiefs to work with everyone to identify policies that we need to reevaluate.

Also, we need to do due diligence on the Master Plan, We can Notice, We can Relate and we can adapt

We can notice what the community now needs, and our resources and our strategies address those, which helps us to relate to them and their needs

so that we can be effective stewards of the resources given to us to help the community. And we can adapt ourselves so that we are still relevant to what we can do for our community.

MCFRS can be better at letting the community know what we can do and are responsible for doing and what we have the authority to do.

We are working with the Tenant Association at the Enclave to educate them, understand their challenges, and bring in other stakeholders to educate them and prevent the calls from happening. We are also working with them to provide fire and life safety events to see if they help reduce the number of calls.

104 – Comments from Commissioners

Jane Callen- Submitted Draft report to Chair Powell.

Anita-Annual report Draft will go out to all of the commissioners for review soon.

## **200 – PUBLIC COMMENTS**
