Our County Needs You! - Election Workers for the Primary and General Elections

Every two years, the Montgomery County Board of Elections has the incredibly important responsibility of conducting two elections that allow our residents to choose their elected representatives in local, State and/or Federal government. Each of these elections requires an army of employees and volunteers to successfully conduct this undertaking. That is why we need as many willing citizens as possible to serve as Election Judges this election cycle.

We are asking our County employees to serve as an Election Judge during the Gubernatorial Primary Election on July 19 and the General Election on November 8, 2022. Subject to supervisory approval, County employees may choose to use annual or compensatory leave, a personal day, or administrative leave of up to a maximum of 8 hours to serve as an Election Judge. Note: those who choose administrative leave will qualify for a prorated Election Judge stipend for hours served in excess of their regular work hours.

Election Judges should have basic IT and customer service skills. The Board is also in particular need of bilingual workers and recruits for a balance of political party affiliations within each precinct. To serve as an Election Judge, you must be a United States Citizen, a registered voter in Maryland, and you must attend training.

For more information and to apply to be an Election Judge, visit the Montgomery County Board of Elections website at [www.777vote.org](http://www.777vote.org) and select “Election Workers,” then “Getting Started.”

I encourage as many County employees as possible to participate in this valuable opportunity to serve the voters of Montgomery County.
