Dear Mr. McHargue:

I want to take this opportunity to thank you for providing your list of FY15 operating budget recommendations. The information you provided is an invaluable tool for prioritizing the needs and concerns of residents in the mid-county area.

As you may be aware, there are many competing priorities and demands in this difficult fiscal climate. The issues mentioned in your letter will be discussed and reviewed during the operating budget process. My recommended FY15 Operating Budget will be published and provided on the web at <http://www.montgomerycountymd.gov/omb/links.html> on March 17, 2014.

Once again, thank you for your participation in the operating budget process.

Sincerely,

Isiah Leggett
