Strategic Plan to End Homelessness

Vision: We envision a home for everyone in Montgomery County, where the experience of homelessness is rare, brief, and one-time only.

Mission: Through commitment and collaboration, we will create effective systems in our community to achieve our vision. We strive to be a leader in the work to end homelessness across our nation.

Our Programs

Making homelessness RARE	Making homelessness BRIEF	Making homelessness ONE-TIME ONLY
<p><i>Preventing homelessness by providing:</i></p>	<p><i>Rapidly connecting households to permanent housing by providing:</i></p>	<p><i>Ensuring households get the right intervention at the right time for the right duration through:</i></p>
<ul style="list-style-type: none"> • Covid Rent Relief Program • Emergency Financial Assistance • Short-term prevention case management • Energy Assistance • Shelter Diversion 	<ul style="list-style-type: none"> • Housing location services • Short-term housing subsidy and intensive case management (Rapid Rehousing) • Permanent shallow rental subsidy • Housing focused emergency shelter and street outreach 	<ul style="list-style-type: none"> • Coordinated entry and housing placement • Housing First permanent supportive housing • Healthcare for the Homeless • Connection to mainstream services (entitlements, behavioral health, childcare subsidies, workforce development, etc.)

Big, Bold Goals

01

Unsheltered “blitz” count

In addition to the Annual Homeless Point-in-Time Count (PIT), Montgomery County typically conducts two more count of unsheltered households in the spring and fall. Due to the pandemic, counts were limited to annual fall count and the PIT.

A recent Blitz count was conducted in May 2022 and results are currently being calculated.

- ❖ Limitations
 - ❖ Possible duplication
 - ❖ Different to track those in unknown encampments, particularly in the more rural areas of the county as well as those sleeping in abandoned buildings
 - ❖ Certain populations including families with children and immigrants may not want to be found for fear of the consequences.
 - ❖ It is not always so easy to identify people as homeless. This is particularly relevant for young adults.

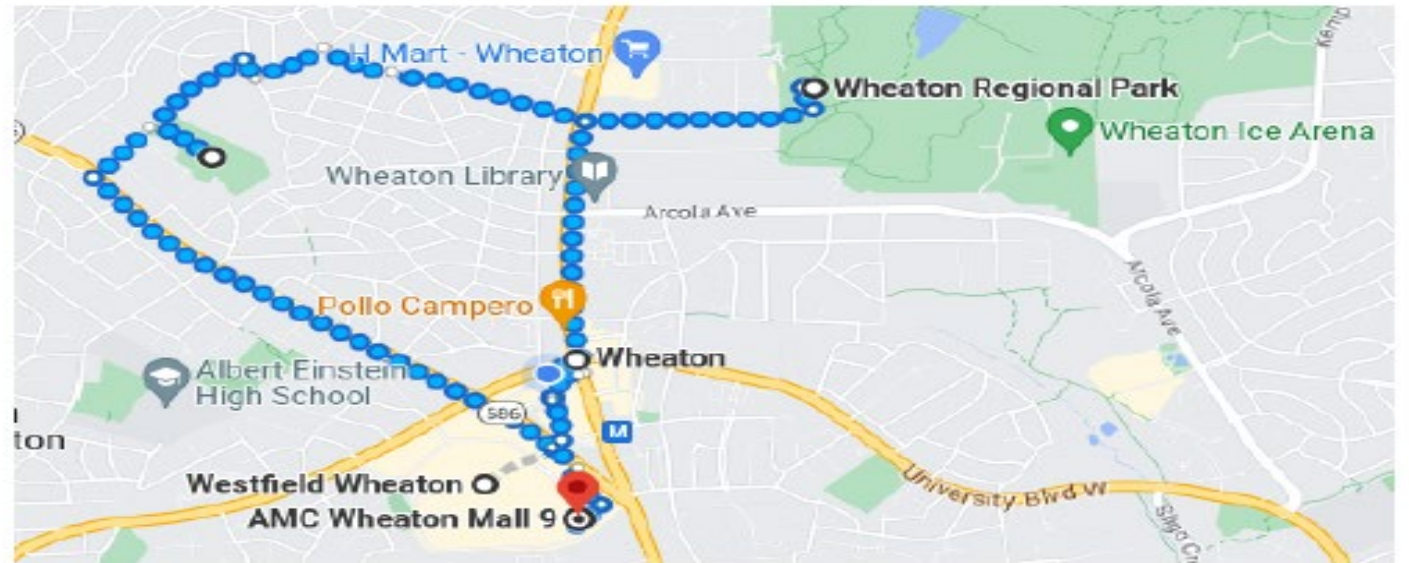

- ❖ Methodology:
 - ❖ Visual count occurs over a 3-day period from 11PM to 8AM.
 - ❖ Includes households known to outreach providers and observed unsheltered within 7 days of the count.

Pathways to Housing DC

Project HOME Outreach Services

About Us

The mission of Pathways to Housing DC (Pathways) is to move people experiencing chronic homelessness and living with mental health challenges, serious medical issues, and/or co-occurring addictions from a life on the streets (or in shelters, psychiatric hospitals, and jails) directly into permanent homes without pre-conditions using the Housing First model.

Since 2017, Pathways has partnered with Montgomery County's Department of Health and Human Services to create a unique Housing First Integrated Behavioral Health team designed to serve individuals experiencing homelessness who have a primary substance use disorder. This work expanded in 2020 to include a street outreach team dedicated to providing intensive street outreach focused primarily in downtown Silver Spring and Wheaton. The street outreach team also works closely with property managers and businesses as they navigate complex issues related to individuals experiencing homelessness.

Pathways to Housing DC provides home, health, and hope to more than 3,500 individuals who are experiencing or at risk for homelessness in the national capital area.

Our Mission

Our Outreach staff works to build trust with those experiencing homelessness first by helping to meet some of their basic needs (including food, clothing, showers, laundry, transportation, identification, etc.). Then, they partner with each individual to access housing, employment, medical care, mental health care, substance abuse treatment, and other services. The approach is not about maintaining homelessness; it is about ending homelessness for those living on the street in downtown Silver Spring and Wheaton.

The Outreach team also responds to concerns about people experiencing homelessness in the area from police, other social service providers, business owners, workers, residents, and Montgomery County visitors.
