

Instacart Guide: How to add a payment method

Step 1: Click the hamburger button at the top lefthand corner to access account settings.

Step 2: Select *Your account settings*.

Step 3: Under Account settings, click *Payment methods*.

The screenshot shows the Instacart account settings page. The left sidebar contains navigation options: Back, Your orders, Family orders, Account settings (highlighted), Instacart+, Manage family account, Addresses, Payment methods (circled in red), Notification settings, and Loyalty cards. The main content area is titled 'Account settings' and includes sections for Account information (Email address, Password), Personal information (Name, Phone number), Permissions, EBT SNAP settings, and Accessibility. A 'Feedback' button is visible on the right side.

Step 4: Under *Add payment method*, select desired payment method. Depending on the payment method selected, the participant may receive a pop-up box or be redirected to a new window to enter their payment details.

The screenshot shows the 'Saved payment methods' page in the Instacart app. The left sidebar is similar to the previous screenshot, but 'Payment methods' is now selected. The main content area shows a list of saved payment methods: Visa (with a 'Delete' button), Debit/Credit, PayPal, Klarna, EBT SNAP, FSA/HSA, and OTC Network. A red circle highlights the 'Add payment method' button at the top of the list. A 'Feedback' button is visible on the right side.
