

Clarksburg Park Activity Building

55+ Active Adult Programs

The Clarksburg Super Seniors have been meeting for over 40 years. Many of the participants have historical ties to Clarksburg and the surrounding areas and have included multiple generations of families through the years! Every Wednesday, they enjoy friendship and laughter while eating lunch together and participating in a special activity. Activities often include community service projects, educational discussions, games, and crafts. There is always room for new faces!

February and March 2020
