

Rising Star Division Descriptions

Division	Description
Potomac Division 1	This is the highest level of basketball we offer. Teams in this division will typically have dozens of players from multiple areas and school districts trying out for the team. These teams are typically year-around AAU or YBOA teams that typically practice 2-3 times per week. These teams typically compete and show well in fall, spring, and summer tournaments. Players on these teams typically make basketball their top priority.
Chesapeake Division 2	One notch below Potomac but having many of the same characteristics. Teams in this division will typically have many players from multiple areas and school districts trying out for the team. These teams are often, but not in all cases, year around AAU or YBOA teams that typically practice 2-3 times per week. Some of these teams compete and show well in tournaments. Players on these teams make basketball a high priority.
Patriot Division 3	Teams in this division will typically hold tryouts for their team, and may attract players from other areas and school districts. These teams typically practice 1-2 times per week, and may play basketball beyond the winter season.

*League Director has the right to move teams to another division other than requested, adjust divisions or combine divisions or grade levels if deemed necessary.

*Teams that finish in the top of their division will be moved up to the next highest division the following season.
