

MCPS is continuing to work on the site work at our newly constructed schools. MCPS is working collaboratively with Parks at Odessa Shannon to build a new Bermuda grass field. MCPS is waiting on permits and design from Parks before MCPS' contractors connect the two sites.

The fall sports season is well underway and just about at the halfway point for sports teams. Winter registration is coming up soon for families and student athletes. If you have any questions or concerns, please let me know.
