

# SILVER SPRING REGIONAL AREA

Monthly Report

SEPTEMBER 2015

*Reemberto Rodriguez, Director*

## [1] Community Issues

### **Many of the Silver Spring community issues are transit related:**

- The opening of the Silver Spring Transit Center;
- Nearing completion of the Langley Park Bus Center;
- Working with the Rapid Transit System Community Advisory Committees and the Transit Task Force;
- Reinitiating community contacts as the Purple Line project comes more into focus;
- Coordinating the implementation of various BiPPA (Bicycle and Pedestrian Priority Area) projects;
- Resurfacing of major thoroughfares (Georgia Avenue and East West Hwy), with corresponding mid-block crosswalks;
- VanGo information dissemination blitz;
- Growing the number of Bikeshare stations; and, various parking related matters (i.e. change in procedure for garage gates operation; and, parking for construction worker.)

Constituent interest in these projects is major. Inquire for information and updates is a constant. We are working with the many local and state agencies, helping coordinate presentations (i.e. Purple Line Meeting September 17), and ensuring the various advisory groups remain in the loop (see next page.)

**Fall is Festival Season, starting in September.** To name a few coming up in the next few weeks in downtown alone:

- The First Silver Spring Restaurant Week;
- Jazz Festival;
- Maker Faire;
- Latin American Film Festival;
- PanaFest;
- New American Expo.
- Outside of downtown, there are at least three community festivals planned, plus the Takoma Park Folk Festival.

This means extensive coordinating with event managers, be them private, non-profit, or public sector. This also means mitigating the impact (i.e.: crowd control, street closing and traffic flow management, refuse collection and disposal, etc.) for many of these events.
