SWEEP YEAR-ROUND IN ALL WEATHER CONDITIONS

- **Maintain air quality** with PM-10 certified dust control system that collects virtually all debris in one pass.
- **Flexible** to clean both large areas and tight congested spaces, reducing the need for multiple machines.
- **Maximize operator safety** with full-view, cab-forward design.

GREAT FOR YARDS, PARKING LOTS AND OTHER LARGE SITES

- **Ideal for harsh environments** with large capacity hopper and quad filtering dust-containment system.
- **Maximum cleaning productivity** with wide sweeping path and operator-friendly features.
- **Effectively capture everything** from cement dust to rocks, paper and glass.

BIG SWEEPING IN A SMALL PACKAGE

- **CloudMaker™ dust control technology** provides exceptional dust control, while using up to 70% less water than standard water spray.
- **All-around visibility** and ergonomic controls, with fully adjustable suspension seat.
- **Fit into tight spots** that a full size sweeper can't fit.
