**County Executive Leggett’s Library of the Future Summit**  
**Thursday, September 24**  

No institution in our community is changing as rapidly as our libraries. Once viewed as a collection of books and printed resource material, libraries have become much more. Customers have access to books in electronic form and to online databases and publications. The library is a hub of community activity, from using Internet access to meeting rooms with new equipment to help in collaboration. Even the layout of buildings is different, adapting to the needs of customers who use their own devices.

The first Summit on the Future of Libraries was held six years ago and was a huge success in public feedback and turnout. Since then, libraries and their roles in our community have evolved even further.

Join County Executive Leggett, Libraries Director Parker Hamilton, and County Council President George Leventhal to hear keynote speaker Susan Benton, President and CEO of the Urban Libraries Council.

In a new feature of this summit, the morning portion of the program at the Silver Spring Civic Building will use “Google Hangout on Air” live to link to the Gaithersburg Library at 18330 Montgomery Village Avenue, providing an opportunity for feedback from an audience in another part of the county.

**Four ways to participate!**

**In-person**  
Thursday, Sept. 24  9:00am-4:00pm  
Silver Spring Civic Building

**Remotely**

**Chat Online with County Executive Leggett**

The County requested $17 million for this $21.25 million project that would purchase 14 all-electric buses for an 11-mile/14-station system; add 17 additional Bikeshare stations; and provide Transit Signal Priority at 31 intersections. Awards will be announced in Fall 2015. [Application Narrative](#)
Board of Elections to Hold Public Hearing Regarding Selection of Early Voting Centers in Montgomery County

The Montgomery County Board of Elections has scheduled a public hearing to receive testimony from the public about the list of Early Voting Centers for the upcoming presidential election. Each local Board of Elections in the State of Maryland is required to review its list of early voting sites every two years and make recommendations to the State Board of Elections. The Montgomery County Board is seeking public input prior to making its recommendations, which are due at the end of September.

Under state law, Montgomery County must select at least eight Early Voting Centers and may select an additional ninth site. Early voting in Maryland runs from Thursday to Thursday, ending the Thursday before the election, although in person voting by absentee ballot is still available at each local Board of Elections until Election Day.

The public hearing will be held at 10 a.m. on Saturday, September 12, 2015, in the Lobby Level Auditorium of the Montgomery County Executive Office Building, 101 Monroe Street, in Rockville. In addition, public comments will be heard during the August 31, 2015, meeting of the Board of Elections to be held at 2:30 p.m. in the Board Room of the Board of Elections, 18753 N. Frederick Avenue, in Gaithersburg. Details for how to testify at the hearing are available at elections@montgomerycountymd.gov. Written comments may be sent to elections@montgomerycountymd.gov until 5 p.m. on Wednesday, September 16.

Maps of sites that have previously been used by the county are available on the Board of Elections website at www.777vote.org and a complete list of all sites being considered will be available prior to the hearing.

The Six Point Economic Plan is part of a larger effort to plan for the County’s long-term economic success: the Comprehensive Economic Plan. Find more at Montgomery County’s Economic Priorities website.
