Training – Standard Edition

Option 1: Self-Directed

Select from over six hours of short and focused videos from our [video training library](#), concentrate on the features you need and skip over the ones you don't.

FREE

Option 2: Customized Hybrid Training

Based on a personalized consultation, we'll customize a list of training videos applicable to you and your organization and highlight anything we feel is going to be of particular importance. The video list will be broken up into four segments. You'll watch each session on your own time and your Better Impact consultant will follow up each segment with a half hour web meeting where you can both view the same screen to address any questions and review any work done.
