The RainScapes Landscape Professionals List shows those individuals who have attended courses offered through the RainScapes Landscape Professionals training series. These classes are not certification classes. Our courses cover the RainScapes Rewards Rebate program, including the application process, individual rebate requirements, and pertinent construction information on how to build better RainScapes. The number and types of RainScapes Rewards Rebate projects shown on this list reflect rebate projects that have been completed and paid by the program. This list will be updated quarterly.

If you’re a landscape professional and interested in taking a training course, we publish them in our RainScapes for Landscape Professionals Gazette. If you’re a landscape professional on this list, and the information is incorrect, please email us at rainscapes@montgomerycountymd.gov and we will update and re-post the list promptly.

**DISCLAIMER:** This list contains the names of companies whose employees have taken a Rainscapes Contractors training class and is provided to you for informational purpose only. Montgomery County, Maryland does not endorse, recommend, or make representations regarding individual vendors, products or services. Therefore, inclusion in the above list does not constitute or imply the endorsement, recommendation, or approval by Montgomery County concerning the quality of products or services offered or provided by any company whose name appears on this site. Please check with your contractor for proof of appropriate licenses, such as professional registration and Maryland Home Improvement Contractor (MHIC) (if installing work).
